U.S. RVSM Approvals / IGA*

Including all AGHME monitoring flights for ACY (excluding 12 Dec 05 - 30 Jan 06 and 01 Apr 07 to current) , ICT, CLE, YQL , and YOW up to 5 April 09

*All Aircraft present in this segment of the database have obtained rvsm airworthiness approval

** Please note that the AGHME data is based on the Julian date. In some cases, monitoring flights can show up on the calendar date after or date before the actual monitoring flight.

*** Explanation of Full Approval column: "True" and "False" only address whether the Database staff has processed information showing the operator/aircraft combination to have RVSM authorization (e.g., an LOA). The FAA does not use this database to grant or deny clearance into RVSM airspace.
