If there's turbulence, even the most loving arms can't hold him.

You make sure your carry-on bag fits overhead. You tuck your purse under the seat in front of you. You secure your seat back and tray table in their upright positions. Doesn't your child deserve the same protection? If there's turbulence during a flight, a **child safety seat** is the safest, most secure place for your little one. To learn more about safe air travel with children, visit **www.faa.gov**.
