I live in Kansas & therefore can not or will not be able to attend the meeting. Although I have never had the opportunity to visit either of these cemeteries, I feel like I have. Several years ago I had a lady take photos for me of headstones of family members buried at St Johannes, the Landmeier family. The photos sent to me were beautiful. And her experience in getting to the cemetery was a great story. This cemetery has been there for a really really long time and has a lot of great history. It should be listed as a Historical Site and left where it is. A cemetery is a holy consecrated ground & I feel our loved ones should remain undisturbed. LEAVE the cemetery as it is, where it is! LEAVE our family resting in peace in the cemetery and location they chose so many many years ago!

Thank you.
