P.O. Box 1126
Des Plaines, IL 60017-1126

Dear Mayor Juracek,

In our letter to you dated November 25, 2015, we made a commitment to provide you with data concerning nighttime operations on O'Hare Runway 10R/28L on a monthly basis.

During the month of February 2016, between the hours of 10:00 p.m. and 6:00 a.m., there was one operation occurring on this runway.

Runway 10R/28L was used on February 1 for one departure at 10:03 p.m.. This operation was conducted by a Federal Aviation Administration Flight Inspection (general aviation) aircraft. The aircraft was inspecting the electronic instrumentation of a runway at O'Hare. These inspections are required on a periodic basis and are performed overnight to minimize impacts to airport operations.

If you have any further questions, please feel free to contact me.

Sincerely,

Barry D. Cooper
Regional Administrator
Great Lakes Region
