Arlington Heights, IL 60005

Dear Mayor Mulder:

In our letter to you dated February 26, 2009, we made a commitment to provide you with data concerning nighttime operations on O'Hare Runway 9L/27R on a monthly basis.

During the month of June 2012, Runway 9L was used for one arrival and one departure between the hours of 10:00 p.m. and 6:00 a.m. Both of these operations occurred on June 10 at 12:13 a.m. and were performed by a Federal Aviation Administration Flight Inspection (general aviation) aircraft. The aircraft flew one approach and one departure to inspect the electronic instrumentation on the runway. These inspections are required on a periodic basis and are performed overnight to minimize impacts to airport operations.

During the same month, a total of 16 operations occurred on Runway 27R between the hours of 10:00 p.m. and 6:00 a.m. Sixteen arrivals occurred on June 18 between the hours of 10:00 p.m. and 10:33 p.m. due to weather and operational conditions at O'Hare.

If you have any further questions, please feel free to contact me.

Sincerely,

Barry D. Cooper
Regional Administrator
Great Lakes Region
