FAASTips

The Safety Tipping Point

CFIs and A-K-P: You are the answer!

Make airmen **A**ware of their flying risks

Give airmen the **k**nowledge to identify their risks

Train airmen to a level of **P**roficiency to mitigate their risk

- * Join the FAASTeam CFI Workshop Program
- * CFIs are the cornerstones of aviation safety
 - * Review accident data
 - * Share concerns with CFIs and DPEs
 - * Take the solution to the Field

Remember! No words in any book can replace good judgment
