January 2004

Production Studio Gears Up for 2004!

By Cheryl DeFilippo & Hugh Hardy
FAA Production Studio Staff

Welcome to the new year!!! The FAA Production Studios started off the year running. We came out of the gate with a PACE program on January 3rd the Ultralight Seminar, by Terri and Jay Kurtz, on the 10th; Aviation Orientation on the 23rd; the DPE Meeting on the 28th and the 1st Sun'n Fun Volunteer Meeting on the 31st.

It was a whirlwind of a first month for 2004 and set's the pace for what you can expect for the rest of the year. Another year of excellent programs and presenters.

We geared up for the National Meeting of Regional Safety Program Managers that will be held in February. It is taking a great deal of effort and coordination to make this meeting work smoothly.... transportation is being arranged, the meeting agenda is being coordinated, meal arrangements are being made, off site functions for the evenings are being booked.

We have put together a great deal of promotional and information material about the studio and are very pleased to have the opportunity to host the meeting the week of February 2nd.

Sun 'n Fun Preparation Under Way

Sun 'n Fun is just around the corner... April 13 - 19.... and we are deep into getting the studio ready. The forum schedule is almost complete and the crew has been busy with touch up's and repairs that will ready the facility for the crowds.

Please remember you need to work the studio this year prior to Sun 'n Fun in order to work the event. If you haven't done so already *Please* get with Obie and advise him of the dates you will be working the Sun 'n Fun.

For those of you who need additional crew shirts or jackets ... please place your orders immediately. The last date to order your shirts in order to have them by Sun 'n Fun is March 1st.

If you are a new crew member you must be trained prior to the event and have your production crew shirt. So please make sure you attend and work studio events and order your shirts soon!

I have included a "Production Crew Shirt Order Form" as well as the "Special Needs Form for Sun'n Fun." Please print these out and use them to order your shirts. Shirt forms go to Cheryl and the Special Needs Forms go to Obie.

FAA PRODUCTION STUDIO

Crew Shirt Order Form

FAA Production Studio Crew Shirts are Navy Blue with the Production Studio Logo and White Embroidery . Your name will appear on the front and your three initials will be embroidered on the sleeve.
