

Sun 'n FUN 2008, Fly-In, VFR Arrival - Supplement

This information is a supplement to the officially published FAA Notice To Airmen (NOTAM) regarding procedures established for VFR arrival and departure to the Lakeland Linder Regional Airport during the 2008 Sun 'n Fun, EAA Convention. This information is an effort to clarify those procedures with the use of high-resolution digital photographs showing the entire route. Any differences noted between what is shown here and what is provided in the official **FAA NOTAM** should be brought to the attention of the Webmaster of the Orlando FSDO web site.

Careful attention has been given to the accuracy of information and pictures depicted on this web site to insure it mirrors that of the FAA published Sun 'n Fun VFR Arrival NOTAM however, the Official FAA NOTAM takes precedence over anything shown here.

To begin the pictorial tour of the VFR arrival procedure, click on any "hot spot" - highlighted in yellow.

Many thanks to **Lance Aviation** at the Lakeland Linder Regional Airport for supporting the FAA with the helicopter lift platform & pilot used to take the VFR Arrival Procedure – Addendum & NOTAM photographs.
