FOREWORD

This order establishes the Federal Aviation Administration (FAA) Letter of Credit - Treasury Financial Communications System (LOC-IFCS) procedures for advance financing of Federal programs and implements Treasury Department requirements. It also continues the airport district office and/or regional airports division as the FAA contacts for programs under airport grant legislation, and the procurement offices as the FAA contacts for contracts. The FAA accounting offices continue to be the contact for all letter of credit matters except the receipt of an approval of requests for funds. The FAA headquarters Accounting Operations Division, AAA-200, is our interface with Treasury through facilities maintained by the Urban Mass Transportation Administration in Washington, D.C.

CHAPTER 1. GENERAL

1. PURPOSE. This order provides the Federal Aviation Administration (FAA) Letter of Credit - Treasury Financial Communications System (LOC-TFCS) guidance and procedures for advance funding of Federal programs. Advance funding is authorized by Treasury Circular 1075, Revised; titled "Withdrawal of Cash from Treasury for Advances Under Federal Grant and Other Programs," and Treasury Fiscal Requirements Manual, volume 1, chapter 1, TFRM 6-2000 titled "Cash Advances Under Federal Grants and Other Programs" Revised; and OMB Circular A-102, Uniform Requirements for Grants to State and Local Governments, attachments G, H, and J. This order does not replace or authorize deviations from other governing regulations, such as part I-30 of the Federal Procurement Regulations (FPR).

2. DISTRIBUTION. This order is distributed in FAA headquarters to the division level in the Office of Budget and the Acquisition and Materiel Service, and to the branch level in the Office of Airport Planning and Programming and the Office of Accounting. In the regions and centers it is distributed to the division level in management systems, budget, and acquisition and material services; to the branch level in accounting; airport divisions, and airport district offices. Special distribution is made to the Accounting Operations Branch, AMA-16; the Procurement Branch, AMA-54; and the Airports and Logistics Branch, AAC-960.

4. BACKGROUND. The Letter of Credit - Treasury Financial Communications System (LOC-TFCS) is an electronic fund transfer system through which letter-of-credit payments are made by wire. It uses two telecommunications networks, the Treasury Financial Communications System and the Federal Reserve Communications System. The LOC-TFCS provides a guaranteed response time to a recipient organization's request for funds. A recipient organization can time their receipt of Federal funds to coincide more closely with program disbursements. Also, it provides an opportunity for FAA to preaudit each fund request. The preaudit function allows for better monitoring and control of cash outflows. Finally, the LOC-TFCS provides timely accounting and reporting information. This information was not readily available under the LOC-FRB System.

5. EXPLANATION OF CHANGES. This order provides detailed internal instructions and delineates responsibilities applicable to the LOC-TFCS. Detailed instructions for recipient organizations that qualify to use the LOC-TFCS are also presented.

6. REQUEST FOR INFORMATION. For additional information or assistance, contact the Accounting Operations Division, AAA-200, telephone FTS 8-267-8949 or area code 202-267-8949.
7. **FORMS.** The forms needed for LOC-TFCS are:

These forms can be acquired from the recipient organization's cognizant regional accounting office or from the FAA's Office of Accounting, Accounting Operations Division, AAA-200, in Washington, D.C.

8. **GENERAL.** The LOC-TFCS is an electronic funds transfer application of the Letter of Credit payment method developed and implemented by the U.S. Department of the Treasury (Treasury). LOC-TFCS offers the following advantages to FAA:

a. Delivers funds to recipient organizations on a timely basis thus eliminating either early or late payments.

b. Allows recipient organizations immediate availability of funds when needed.

c. Saves Government financing costs by reducing premature payments.

d. Allows FAA review of each payment before it is made.

e. Provides for internal control over payments. This control is effected by FAA's ability to review the request for funds prior to its being made. The step-by-step process is as follows:

1. The recipient organization prepares the TFS Form 5805, Request for Funds, and presents it to its financial institution. It is reviewed for accuracy and completeness by the financial institution.

2. The financial institution electronically transmits the message to Treasury. Treasury reviews the message for amounts authorized in addition to completeness and accuracy.

3. Treasury electronically transmits the message to Urban Mass Transit Authority (UMTA) who in turn calls FAA for message pickup.

4. FAA reviews the message and either approves or disapproves the request for funds.

5. FAA returns the approval or disapproval of the request for funds to UMTA which electronically transmits the decision to Treasury.

6. Treasury initiates a payment or a rejection message citing the reason for nonpayment.

Figure 1 contains a general overview of the responsibilities under LOC-TFCS.

9. STARTING ON THE LETTER OF CREDIT - TREASURY FINANCIAL COMMUNICATIONS SYSTEM AND DISCONTINUANCE OF LETTER OF CREDIT - FEDERAL RESERVE SYSTEM. Recipient organizations who have a Letter of Credit being paid under the Federal Reserve System shall be converted to the Letter of Credit - Treasury Financial Communications System. Certain documents must be completed by recipient organization personnel and submitted to FAA before conversion. These documents include copies of the SF 1194, Authorized Signature Card for Payment Vouchers on Letter of Credit (see appendix 3), and a Signatory Authorization and Certification (see appendix 4). This documentation is mailed by the cognizant regional accounting office to:

Department of Transportation  
FAA Accounting Operations Division, AAA-200  
800 Independence Avenue, S. W.  
Washington, D. C. 20591

In addition, copies of the grant agreement and a Letter of Credit Authorization Issuing, Amending, or Revoking Letter of Credit shall be prepared by the regional accounting office and forwarded to the Accounting Operations Division, AAA-200. The Accounting Operations Division, AAA-200, shall certify the SF 1193A, Letter of Credit, and the Signature Authorization Cards. The SF 1194, Authorized Signature Card for Payment Vouchers on Letter of Credit, Letter of Credit, Signature Authorization, and the Signatory Authorization and Certification are mailed to the U.S. Treasury Financial Center in Philadelphia, Pennsylvania. The cognizant regional accounting office shall prepare a notice revoking the existing LOC-FRB after Treasury accepts the SF 1193A, Letter of Credit, for LOC-TFCS.

10. CRITERIA FOR USING LETTER OF CREDIT - TREASURY FINANCIAL COMMUNICATIONS SYSTEM.

   a. The relationship with a recipient organization or contractor is expected to continue for a year, and is expected to require cash advances aggregating at least $120,000 annually. If not, advance funding is normally provided by Treasury check.

   b. The recipient organization agrees to establish and follow procedures that minimize the time elapsed between the receipt of Federal funds and their subsequent disbursement.

11. LIMITATION. The requirements of this order do not apply to disbursements made to reimburse a recipient organization or contractor for work already performed and financed through use of the recipient organization's own funds.
CHAPTER 2. RESPONSIBILITIES

12. ACCOUNTING OPERATIONS DIVISION, AAA-200.

a. Receives and responds to all LOC-TFCS Requests for Funds.

b. Notifies the cognizant regional program office through the regional accounting office prior to any payment rejection.

c. Certifies the SF 1193A, Letter of Credit, and the SF 1194, Authorized Signature Card for Payment of Vouchers on Letter of Credit, and submits them to Treasury.

d. Serves as contact point for all Treasury transactions related to the LOC-TFCS.

e. Provides payment input data to the responsible regional accounting office on a timely basis.

f. Develops, maintains, and disseminates internal and recipient organization procedures related to the LOC-TFCS.

g. Contacts Treasury regarding problems in payment credits to recipient organization accounts.

13. COGNIZANT FAA REGIONAL AIRPORTS DIVISION.

a. Awards grants and determines method of funding. If recipient meets the criteria for the letter of credit and desires advance funding, the letter of credit - TFCS system shall be used.

b. Provides the accounting office with a copy of the properly signed and executed grant agreement.

c. Provides required forms and instructions on their use to grantees and assures that grantees properly complete and return or distribute forms as appropriate. Forms shall be supplied by the cognizant regional accounting office.

d. Reviews completed forms and reports to ascertain that the recipient organization is conforming to the financial requirements of the program.

e. Coordinates with the accounting office to resolve all financially or procedurally oriented letter of credit problems.

f. Promptly advises the cognizant regional accounting office if there is any reason to amend or revoke the letter of credit.
14. COGNIZANT FAA REGIONAL ACCOUNTING OFFICE.

   a. Forwards the Signatory Authorization and Certification and the SF 1194, Authorized Signature Card for Payment of Vouchers on Letter of Credit, to the Accounting Operations Division, AAA-200.

   b. Ensures that the recipient organization has selected a financial institution which has agreed to participate in the LOC-TFCS program and has been approved by Treasury.

   c. Prepares and submits the SF 1193A, Letter of Credit, to the Accounting Operations Division, AAA-200. The certifying signature is completed by the Accounting Operations Division, AAA-200.

   d. Promptly responds to the Accounting Operations Division, AAA-200, inquiries regarding recipient organization fund requests.

   e. Reviews reports on letter of credit status and confirms with recipient organization, if necessary. Notifies Accounting Operations Division, AAA-200, of any discrepancies impacting the LOC.

   f. Acts as a contact point for the Accounting Operations Division, AAA-200, in dealing with recipient organizations concerning disbursements.

   g. Prepares amendments to amend the LOC via the LOC authorization form, when necessary.

   h. Provides blank TFS Form 5805, Request for Funds, to the cognizant FAA regional airport division when requested. These forms are available through the Department of Treasury.

   i. Provides blank copies of the SF 1194, Authorized Signature Card for Payment Vouchers on Letter of Credit, to recipient organizations.

   j. Provides copies of the SF 1193A, Letter of Credit, and payment vouchers to the Airport District Office and the recipient organization.

   k. Notifies Accounting Operations Division, AAA-200, of any recipient organization problems concerning lack of response to an LOC-TFCS drawdown request or problems with the financial institution crediting the recipient's account in a timely manner.

   l. Notifies the recipient organization of amounts authorized for drawdown by project.

   m. Revokes the existing Letter of Credit Federal Reserve Bank (FRB) for each recipient organization being transferred to the LOC-TFCS. A copy of the revocation form is provided in appendix 6.
n. Answers regional program office inquiries regarding individual drawdown requests.

15. GRANTEES OR RECIPIENT ORGANIZATIONS.

a. Prepares and forwards the Signatory Authorization and Certification and the SF 1194, Authorized Signature Card for Payment Vouchers on Letter of Credit, to the Accounting Operations Division, AAA-200, through their cognizant regional accounting office.

b. Prepares and submits financial reports as requested by the cognizant regional accounting office.

c. Prepares and submits TFS Form 5805, Request for Funds, to their financial institution and to distribution as noted in paragraph 2lc.

d. Responds to inquiries regarding drawdown request information.

e. Maintains Federal cash on hand at minimum level necessary to cover immediate needs. Any excess Federal funds shall be refunded to the FAA in accordance with FAA and Treasury policies.

f. Notifies the cognizant FAA regional accounting office of any changes regarding letter of credit information.

g. Confirms application of drawdowns with cognizant FAA regional accounting office reports.
CHAPTER 3. INTERNAL OPERATING PROCEDURES

16. GENERAL. The following operating procedures are pertinent to the implementation and maintenance of the Letter of Credit - Treasury Financial Communications System (LOC-TFCS).

17. SF 1194, AUTHORIZED SIGNATURE CARD FOR PAYMENT VOUCHERS ON LETTER OF CREDIT. An SF 1194, Authorized Signature Card for Payment Vouchers on Letter of Credit, (see appendix 3), must be on file at the recipient organization's financial institution before a TFS Form 5805, Request for Funds, is honored. In addition, the recipient organization must complete a Signatory Authorization and Certification (see appendix 4) designating the official who is to certify to the signatures on the SF 1194. The recipient organizations shall adhere to the following guidelines.

a. Prepare and submit five completed original SF 1194's and a Signatory Authorization and Certification four weeks prior to implementation of the LOC-TFCS to their cognizant FAA regional accounting office. They shall transmit four original SF 1194's and the Signatory Authorization and Certification to the FAA headquarters, Accounting Operations Division, AAA-200, and retain on copy of the SF 1194 in the regional accounting office. The recipient organization shall prepare a SF 1194 for their own files, also. Black ink must be used for signing the all documents.

b. The grantee official designated on the Signatory Authorization and Certification (see appendix 4) shall sign the SF 1194 certifying to the authenticity of the signatures appearing on the form as officials of the organization authorized to draw funds.

c. One or more officials shall be designated as authorized alternates to sign the TFS Form 5805, Request for Funds, when the principle officials are not available. Recipients shall limit the authority to sign a TFS Form 5805, Request for Funds, to the smallest practical number of officials.

d. The FAA requires two officials to sign the TFS Form 5805, Request for Funds. The countersignature portion of the TFS Form 5805, Request for Funds, shall be signed.

e. A complete new set (five) of SF 1194's (Authorized Signature Card for Payment Vouchers on Letter of Credit) shall be submitted immediately if there is any:

   (1) Change and/or termination of officials authorized to sign the TFS Form 5805, Request for Funds.

   (2) Change in the name of the recipient organization.

   (3) Change of financial institution.
f. An additional set of SF 1194's is needed when more than four(4) officials are authorized to sign TFS Form 5805's. A change of position or title of an official does not, by itself, require a new signature card. Facsimile signatures are not acceptable. The revised SF 1194's are submitted to the Accounting Operations Division, AAA-200, and to the cognizant regional accounting office four(4) weeks before the effective date. However, a minimum of 60 days notice is generally required whenever a recipient organization changes financial institutions and the new financial institution does not have a U.S. Department of Treasury - Financial Institution Agreement for the LOC-TFCS.

g. The SF 1194's are distributed as follows:

(1) U. S. Treasury - 1 original.
(2) Recipient organization bank - 1 original.
(3) Headquarters Accounting Operations Division - 1 copy.
(4) Recipient organization - 1 copy.

18. SF 1193A, LETTER OF CREDIT.

a. The SF 1193A, Letter of Credit, (see appendix 5), is an authorization from FAA to the U.S. Treasury to advance funds to the recipient organization. The time designation used by FAA is "Each Fiscal Year." If the authorized amount is not revised, it shall be automatically reestablished in its full amount at the start of each Federal Fiscal Year (October 1).

b. Upon receipt of the necessary information from the recipient organization, FAA shall prepare the SF 1193A, Letter of Credit. The original copy of the SF 1193A, Letter of Credit, along with the SF 1194's are forwarded to the U.S. Treasury with a copy sent to the recipient organization, FAA headquarters Accounting Operations Division, AAA-200, and the cognizant regional accounting office.

19. AMENDMENT OR REVOCATION OF LETTER OF CREDIT.

a. Amendment.

(1) Recipient Organization. The recipient organization shall immediately notify the cognizant regional accounting office if one of the following conditions requiring amendment of the letter of credit should occur:

(a) A change in the information contained in the box entitled, "Treasury Checks To Be Made Payable To:"

(b) A change in the information contained in the box entitled, "In Favor Of:"

(c) The undrawn amount authorized for the fiscal year is insufficient to meet projected Federal cash needs.

(2) The cognizant regional accounting office is responsible for requesting an amendment to or revocation of a letter of credit. The cognizant regional accounting office shall inform the Accounting Operations Division, AAA-200, of this need.
(3) The cognizant regional accounting office shall amend an LOC-TFCS based upon receipt of a request by the appropriate regional program office official. They shall forward the amendment to the FAA headquarters Accounting Operations Division, AAA-200. The Accounting Operations Division, AAA-200, shall certify the amendment and forward the original to Treasury.

b. Revocation. A letter of credit can be revoked by the cognizant FAA regional accounting office only after consultation, coordination, and concurrence with the program office. If a letter of credit is revoked, an alternative payment method is used until all grant payments have been fully disbursed. Any of the following conditions may result in the revocation of the letter of credit.

(1) Annual aggregate financing falls below $120,000. If the reduced level is only temporary, the letter of credit may remain in force.

(2) The business relationship is completed or terminated except where follow-on awards are expected to be authorized.

(3) Progress is not satisfactory toward achievement of the cash management objective of the letter of credit method of financing.

(4) The recipient organization fails to complete required reports, fails to repay debts, etc. The airports or logistics office advises that the recipient organization is in non-conformance with any requirement of the grant or contract.

20. PROJECT DRAWDOWN AUTHORIZATION. The cognizant regional accounting office shall determine the grant amount to be authorized for drawdowns. The cognizant regional accounting office shall inform the recipient organization of the amount authorized for drawdown for each active project.

21. PROCEDURES FOR DRAWING FUNDS. A completed and signed TFS Form 5805, Request for Funds, shall be presented by the recipient organization to its financial institution to initiate drawdowns (requests for funds).

a. Preparation of TFS Form 5805, Request for Funds.

(1) The recipient organization shall use TFS Form 5805, Request for Funds, when requesting funds under the LOC-TFCS payment method. Instructions for preparing and distributing the TFS Form 5805, Request for Funds, are shown in (see appendix 2).

(2) TFS Form 5805, Request for Funds, shall not be prepared for amounts less than $5,000 or for more than $5,000,000. If it is expected the recipient organization shall process TFS Form 5805, Request for Funds, in excess of $5,000,000; the SF 1193A, Letter of Credit, must be annotated by FAA as follows. "Individual drawdowns in excess of $5,000,000 are authorized."

b. Submitting TFS Form 5805, Request for Funds.

(1) TFS Form 5805, Request for Funds, is distributed as follows:
(a) The original and duplicate copies are presented to the financial institution as early in the day as possible.

(b) The triplicate is retained by the recipient organization.

(c) The quadruplicate is sent to the cognizant FAA regional accounting office.

(d) The quintuplicate is sent to the cognizant program office.

(2) The financial institution shall review the TFS Form 5805, Request for Funds, for completeness and to ensure that the amount requested has not been altered. The financial institution shall compare the signatures on the related SF 1194, Authorized Signature Card for Payment Vouchers on Letter of Credit, to ensure their authenticity. A countersignature is required for all LOC-TFCS drawdown requests.

(3) TFS Form 5805, Request for Funds, shall not be accepted by the financial institution if any of the following conditions occur:

(a) Signed by an official whose signature is not on the current SF 1194 filed at the financial institution.

(b) Missing required information.

(c) Contains an altered amount requested.

(4) If the TFS Form 5805, Request for Funds, is incomplete or contains an invalid or unauthorized signature(s) or an altered amount requested, the financial institution shall reject the TFS Form 5805, Request for Funds, and immediately notify the recipient organization by telephone of the rejection and the reason(s) for nonacceptance. This enables the recipient organization to present another TFS Form 5805, Request for Funds, to the financial institution as soon as possible.

c. TFS Form 5805, Request for Funds, Message Transmission. If the information on the TFS Form 5805, Request for Funds, is accepted by the recipient organization's financial institution, i.e., all the information is complete, the amount unaltered, and the signatures are valid, the TFS Form 5805, Request for Funds, information is transmitted electronically through the Federal Reserve Communication System to the U.S. Treasury. Each recipient organization shall develop procedures with its financial institution which determine the cut-off time for submitting a TFS Form 5805, Request for Funds, to ensure timely transmission of a TFS Form 5805, Request for Funds, message to the U.S. Treasury. The deadline for receiving TFS Form 5805, Request for Funds, messages by the U.S. Treasury is 4:30 p.m. eastern time. TFS Form 5805, Request for Funds, messages cannot be processed on those holidays observed by the sending financial institutions servicing Federal Reserve Bank, the Federal Reserve Bank of New York, or the U.S. Treasury.
d. Review of TFS Form 5805, Request for Funds, Message.

(1) Preliminary Edit: Upon receipt of the TFS Form 5805, Request for Funds, message by the U.S. Treasury, a preliminary computer edit is performed to ensure that the message does not contain format errors and to verify the following information:

   (a) The nine-digit identifier of the sending financial institution;

   (b) The telegraphic abbreviation of the sending financial institution;

   (c) The nine-digit identifier of the recipient organization's financial institution if not the sending financial institution;

   (d) The agency location code;

   (e) The letter of credit number;

   (f) The recipient organization's bank account number;

   (g) Sufficient funds available for payment;

   (h) The amount requested does not exceed $5,000,000 unless authorized; and

   (i) The Treasury Department name and location code.

(2) If any of the above items fail edit, a rejection of the TFS Form 5805, Request for Funds, is immediately returned electronically to the financial institution for correction. Occasionally, no notification is given by the TFS system because it fails to identify an erroneous LOC number as a LOC number. The recipient organization shall promptly call their cognizant FAA accounting office if no response is received for a request for payment within 3 hours. Messages passing edit are electronically transmitted to the UMTA Office of Financial Management (UMFM). UMTA calls AAA-200 when any messages are received for FAA. AAA-200 sends a courier to UMTA to pick up these messages.

(3) FAA Review: Upon receipt of the TFS Form 5805, Request for Funds, message, FAA reviews the information to ensure that it is correct. This review includes:

   (a) Ensurance that the correct letter of credit number is shown;

   (b) Determination that sufficient authorized funds remain within the letter of credit;

   (c) Review of "Third Party Information" to ensure that information is entered correctly and that project numbers are valid; and

   (d) Drawdown frequency meets Treasury criteria. Treasury wants these advances made so that funds are available to the recipient organization only immediately prior to their disbursement by the organization.
(4) Based on this review, FAA shall advise the U.S. Treasury if the request is to be paid or rejected by 10:00 a.m. eastern time of the next work day.

e. Payment of the TFS Form 5805, Request for Funds, Message. If the TFS Form 5805, Request for Funds, message passes the U.S. Treasury edit and is approved for payment by FAA, a payment message is generated by UMTA on the workday following receipt of the original message. When notified of receipt of funds, the recipient organization's financial institution checks the block indicating payment and enters the date of payment on both copies of the TFS Form 5805, Request for Funds. The recipient organization's financial institution forwards the duplicate of the paid TFS Form 5805, Request for Funds, to the recipient organization and retains the original for its records.

f. If the notice of credit has not been received on the anticipated payment date, the recipient organization shall contact its financial institution to determine if a response to the TFS Form 5805, Request for Funds, was received. If a response was not received, the recipient organization shall notify the cognizant regional accounting office so appropriate action may be taken. The recipient organization's account is credited on the same day the recipient organization's financial institution receives credit. Failure of the financial institution to pass credit promptly shall be reported to the cognizant regional accounting office.

g. Rejection of the TFS Form 5805, Request for Funds, Message. If the TFS Form 5805, Request for Funds, message is rejected, the U.S. Treasury promptly transmits a rejection message to the financial institution. This message identifies the reason(s) for rejection (see appendix 2). When notified of rejection, the recipient organization's financial institution shall check the block indicating rejection and enter the date of rejection and the reason(s) for rejection on both copies of the TFS Form 5805, Request for Funds. The recipient organization's financial institution forwards the duplicate of the rejected TFS Form 5805, Request for Funds, to the recipient organization and retains the original for its records. The recipient organization's financial institution shall provide immediate notification of the rejection and the reason(s). This enables the recipient organization, if appropriate, to promptly present another TFS Form 5805, Request for Funds, to its financial institution.

22. CASH MANAGEMENT REQUIREMENTS. The LOC-TFCS is designed to provide the availability of Federal funds to a recipient organization on the first workday following receipt of the TFS Form 5805, Request for Funds, message by the U.S. Treasury. Therefore, the recipient organization shall request funds based on immediate disbursement requirements to minimize the amount of Federal cash on hand following with policies established in Treasury Department Circular 1075, "Withdrawal of Cash from the Treasury for Advances under Federal Grant and Other Programs," (Appendix 7) and FAA financial instructions. The FAA monitors drawdowns to ensure that recipient organizations are maintaining minimal balances of Federal funds. Each TFS Form 5805, Request for Funds, message is reviewed by FAA prior to approval to ensure that payment does not result in excessive funds or violation of award authority. Based on this review, FAA shall take those actions necessary to minimize outstanding Federal cash balances.
23. THIRD PARTY INFORMATION REPORTING REQUIREMENTS. To effectively review a recipient organization's TFS Form 5805, Request for Funds, FAA requires detailed project drawdown data in the third party information field. The recipient organization must enter in this field the individual project drawdown amounts and project numbers which make up the total drawdown amount requested. The third party information field is limited to 169 characters. It may be necessary to make more than one drawdown request to reflect all required third party information. When completing the TFS Form 5805, Request for Funds, the recipient organization must ensure that the third party information amounts total equals the sum of the requested amount.

a. For example, a recipient organization determines immediate cash requirements for $2,300,000 based on the following individual project cash needs:

- Project NC-03-0002 1,500,000
- Project NC-03-0004 100,000
- Project NC-05-0008 500,000
- Project NC-05-0014 150,000
- Project NC-09-0020 50,000

The third party information shall be shown as follows: NC030002 $1,500,000/NC030004$100,000/NC050008$500,000/NC050014$150,000/NC090020$50,000.

b. To the extent possible, recipient organizations are asked to request funds only in whole dollars. It is not necessary to show the cents digits in the third party field if project drawdowns are in whole dollars. If the project drawdown is not in whole dollars, the decimal point and cents digits shall be shown for the applicable projects.

24. USE OF A CORRESPONDENT FINANCIAL INSTITUTION. The recipient organization's financial institution can elect to use another financial institution to act as a correspondent bank to send the TFS Form 5805, Request for Funds, and receive the related response.

a. If a correspondent bank is used, it is the sending/receiving financial institution. In such a case, the correspondent bank is designated as the sending financial institution on the following forms:

(1) **SF 1194** - Reverse side for parts A, C, and D.

(2) **SF 1193A** - "Treasury checks to be made payable to" block for items d and e.

(3) **TFS Form 5805, Request for Funds**, FROM and SENDER blocks.

b. Where a correspondent bank is shown as the sending financial institution, an agreement must still be in place with the recipient organization's financial institution prior to issuance of the initial SF 1193A. There is no requirement for a financial institution agreement with the correspondent bank.
25. **CHANGE OF BANK ACCOUNT NUMBER.** Prior to the recipient organization changing its bank account number, new documents must be submitted to Treasury as if this were a new grant agreement. The SF 1193A, Letter of Credit, must be amended to reflect the new account number. New copies of the SF 1194, Authorized Signature Card for Payment Vouchers on Letter of Credit, must also be prepared and submitted along with a "Signatory Authorization and Certification."

26. **FINANCIAL STATUS REPORTING.** It is the joint responsibility of the program office for grants, the procurement office for contracts, and the accounting offices to assure that Federal funds advanced to recipient organizations are used according to the terms and conditions of the authorizing grant agreement. To fulfill this responsibility, certain reports are required from the recipient organization. The program office notifies the recipient organization as to their specific reporting requirements with the issuance of the SF 1193A, Letter of Credit. The sponsor must submit FAA Form 5100.62, Report of Federal Cash Transactions, within 15 working days following the end of each quarter to the program office who shall furnish one copy to the accounting division. Advances shall be liquidated based on data contained in FAA Form 5100.62 (Appendix 8). In addition, the U.S. Treasury may require, on a selective basis, that the recipient organization prepare and submit a TFS Form 1201, Status of Federal Funds Report, for a specified month. This reporting requirement is coordinated through the cognizant regional accounting office. The cognizant office notifies the selected recipient organization of the month to be reported and the due date for submission to the FAA office.

FIGURE 2. SF 1193A, LETTER OF CREDIT - INSTRUCTIONS

The cognizant regional accounting office prepares the SF 1193A, Letter of Credit, and forwards it to the FAA headquarters, Accounting Operations Division, AAA-200, which certifies it and forwards it to the U.S. Treasury along with the SF 1194's Authorized Signature Card for Payment Vouchers on Letter of Credit. The following information is contained on the SF 1193A, Letter of Credit:

1. The Issuing Agency
   - The Department of Transportation, Federal Aviation Administration, issues the Letter of Credit.

2. Letter of Credit Number
   - The letter of credit number is comprised as follows:
     a. The first four (4) digits of the letter of credit number identify the agency, in this instance, FAA.
     b. The last four (4) digits identify the recipient organization's letter of credit number. The eight digit letter of credit number is required on the TFS Form 5805, Request for Funds.

3. Amendment Number
   - The letter of credit must be amended for:
     a. Any increase or decrease in the amount authorized;
     b. Any change in the name of the recipient organization as shown in the "In Favor Of" block; or
     c. Any change in the information shown in the "Treasury Checks To Be Made Payable To" block.
     d. The authorization for the recipient organization to draw amounts in excess of $5 million is established or rescinded.

A statement shall be included in the amending letter of credit to explain any amendment other than a change in the amount authorized.

4. Agency Station Symbol
   - The Agency Location Code (ALC) or Agency Station Symbol (terms are used interchangeably) identifies FAA. The Agency Location Code is required on the TFS Form 5805, Request for Funds.
FIGURE 2. SF 1193A, LETTER OF CREDIT - INSTRUCTIONS (CONT'D)

5 Effective Date
- The effective date shall not be the same as, or in advance of, the certified date. The effective date shall allow Treasury at least one (1) week for processing amendments and two (2) weeks for processing initial letters of credit.

Section 205.1 Purpose.

This part prescribes the regulations governing advances to recipient organizations for financing operations under Federal grant and other programs.

Section 205.2 Scope of regulations.

(a) The regulations in this part apply to any Federal program requiring advances to finance the recipient organization's activities in carrying out the program, whether by contract, grant, contribution, or other form of

TREASURY FISCAL REQUIREMENTS MANUAL T/L 138
APPENDIX 7. TREASURY DEPARTMENT CIRCULAR NO. 1075 (Fourth Revision)  
REGULATIONS GOVERNING WITHDRAWAL OF CASH FROM THE TREASURY FOR ADVANCES 
UNDER FEDERAL GRANT AND OTHER PROGRAMS (CONT'D)

Section 205.3 Definitions.

For the purpose of this part:

(a) Recipient organization means an organization outside the Federal Government (including any State and local government, educational institution, international organization, and any other public and private organization) receiving cash advances under Federal grant and other programs.

(b) Primary recipient organization means a recipient organization receiving cash advances directly from the Federal Government.

(c) Secondary recipient organization means a recipient organization receiving cash advances from a primary recipient organization.

(d) Direct Treasury check method means the method whereby payment is made directly to a recipient organization by Treasury check authorized by the responsible officer of the Federal program agency.

(e) Letter of Credit - Treasury Regional Disbursing Office System means the system whereby the letters of credit are maintained and serviced by Treasury disbursing centers and Treasury regional disbursing offices.

(f) Letter of Credit - Federal Reserve Bank System means the system whereby the letters of credit are maintained and serviced by Federal Reserve banks and branches.

(g) Checks paid technique means the procedure whereby the drawdown on the letter of credit is delayed until the checks issued for program disbursements are presented to the recipient organization’s bank for payment.

(h) Delay of drawdown technique means the procedure whereby the drawdown on the letter of credit is delayed until after the checks issued for program disbursements have been forwarded to the payees.

(i) Consolidation of funding to the same recipient organization under one letter of credit means the procedure whereby, within a single accounting entity, the Federal program agency combines all advance funding to the same recipient organization under one letter of credit. In achieving this objective, the Federal program agency shall include all advance funding to the recipient organization including that which ordinarily would not qualify because it does not meet the criteria established for the letter-of-credit method.

(j) Single letter-of-credit technique means the procedure whereby numerous letters of credit issued by different accounting entities within the same Federal department to State agencies, local government agencies, or recipient institutions are replaced by one centrally administered single letter of credit issued to one central organization within that State, local government, or recipient institution.

(k) Working capital advance basis means the procedure whereby funds are advanced to the recipient organization to cover its estimated disbursement needs for a given initial period. Thereafter, the recipient organization would be reimbursed for the amount of its actual cash disbursements. The amount of the initial advance shall be geared to the reimbursement cycle so that after the initial period the payments are approximately equal to the average amount of the recipient organization’s unreimbursed program payments.

VOL I
FOR GUIDANCE OF DEPARTMENTS AND AGENCIES

6-1000
App. No. 1

Section 205.4 General regulations.

(a) Cash advances to a recipient organization shall be limited to the minimum amounts needed and shall be
timed to be in accord only with the actual, immediate cash requirements of the recipient organization in carrying
out the purpose of the approved program or project. The timing and amount of cash advances shall be as close as
is administratively feasible to the actual disbursements by the recipient organization for direct program costs and
the proportionate share of any allowable indirect costs.

(b) If a Federal program agency has, or expects to have, a continuing relationship with a recipient
organization for at least one year, involving annual advances aggregating at least $120,000, the agency shall use
the letter-of-credit method. Letters of credit will be established with the Treasury disbursing centers and
Treasury regional disbursing offices (Letter of Credit - Treasury Regional Disbursing Office System) or the
Federal Reserve banks and branches (Letter of Credit - Federal Reserve Bank System) as determined by the
Commissioner, Bureau of Government Financial Operations, or his designee.

(c) When annual advances to a recipient organization aggregate less than $120,000 or there is not a
continuing relationship for at least one year, the cash advances shall ordinarily be made by the direct Treasury
check method. Such cash advances shall be made only in amounts necessary to meet current disbursement needs
and shall be scheduled so that the funds are available to the recipient organization only immediately prior to their
disbursement by the organization.

(d) Each Federal program agency shall work toward the objective of the consolidation of funding to the same
recipient organization under one letter of credit. Also, the single letter-of-credit, checks paid, and the delay of
drawdown techniques of withdrawing funds under the letter-of-credit method shall be employed wherever feasible under the direction and approval of the Department of the Treasury.

(e) Cash advances made by primary recipient organizations to secondary recipient organizations shall
conform substantially to the same standards of timing and amount as apply to cash advances by Federal program
agencies to primary recipient organizations. Federal program agencies shall require primary recipient
organizations to develop procedures whereby secondary recipient organizations can obtain funds from the
primary recipient organization as needed for disbursement.

Section 205.5 Irrevocability of the letter of credit.

A letter of credit is irrevocable (the equivalent of cash available to the recipient organization) to the extent
the recipient organization has obligated funds in good faith thereunder in executing the authorized Federal
program in accordance with the grant, contract, or other agreement.

Section 205.6 Contract or grant provisions.

Use of letters of credit shall be covered by a clause in the grant, contract, or other financing agreement
whereby the recipient organization commits itself to (a) initiating cash drawdowns only when actually needed for
its disbursements, (b) timely reporting of cash disbursements and balances as required by the Federal program
agency, and (c) the imposition of the same standards of timing and amount upon any secondary recipient
organizations including the furnishing of reports of cash disbursements and balances, with the understanding
that failure to adhere to these provisions may cause the unobligated portion of the letter of credit to be revoked by
the Federal program agency or by the Department of the Treasury. The financial management system of the
recipient organization shall provide for effective control over and accountability for all Federal funds as stated in
OMB Circular A-102 revised for State and local governments and OMB Circular A-110 for institutions of
higher education, hospitals, and other nonprofit organizations.

Section 205.7 Termination of advance methods of financing grant programs.

When a recipient organization receiving cash advances by a letter of credit or by direct Treasury check
method has demonstrated to a Federal program agency an unwillingness or inability to establish procedures that
will minimize the time elapsing between cash advances and the disbursement thereof, the Federal program
agency, unless prohibited by the statutes governing the program(s) in question, shall terminate advance
financing and shall require the recipient organization to finance its operations with its own working capital, and
payments to the recipient organization shall be made by direct Treasury check method to reimburse it for actual
cash disbursements. In those cases in which the reimbursement method is not feasible, arrangements may be
made whereby the operations of the recipient organizations are financed on a working capital advance basis.
APPENDIX 7. TREASURY DEPARTMENT CIRCULAR NO. 1075 (Fourth Revision)
REGULATIONS GOVERNING WITHDRAWAL OF CASH FROM THE TREASURY FOR ADVANCES
UNDER FEDERAL GRANT AND OTHER PROGRAMS (CONT'D)

Section 205.8 Responsibilities of Federal program agencies.

Regardless of the particular method used to advance funds, the Federal program agency shall be responsible for (a) making such reviews of the financial practices of recipient organizations, both primary and secondary, as are necessary to ensure that the provisions of this part are being complied with, and (b) instituting such remedial measures as may be necessary in the event that a recipient organization demonstrates its unwillingness or inability to comply with these provisions. Federal program agencies shall formulate procedural instructions which specify the methods employed to carry out these responsibilities and shall forward copies of such instructions to the Commissioner, Bureau of Government Financial Operations, or his designee for approval. Also, each Federal program agency shall furnish the Department of the Treasury such periodic reports showing cash balances in the hands of the recipient organizations and results of reviews of the financial practices of recipient organizations as are required by the Commissioner, Bureau of Government Financial Operations, or his designee.

Section 205.9 Implementing instructions.

Section 205.10 Waivers.

Any waivers of the provisions of this part previously granted to Federal program agencies are hereby revoked. Requests for waivers for specific provisions of this part shall be presented in writing to the Commissioner, Bureau of Government Financial Operations, or his designee.

The Department of the Treasury has determined that this document does not contain a major proposal requiring preparation of an Economic Impact Statement under Executive Orders 11821 and 11949 and OMB Circular A-107.

Effective date. These regulations are effective December 14, 1977.

APPENDIX 8. FORM AND INSTRUCTIONS

FIGURE 2. INSTRUCTIONS FOR PREPARING PAGE 1 OF THE REPORT OF FEDERAL CASH TRANSACTIONS

INSTRUCTIONS FOR PREPARING PAGE 1
OF THE REPORT OF FEDERAL CASH TRANSACTIONS

Item 1 - Enter the name of the Federal grantor agency and organizational element to which this report is submitted.
Item 2 - Enter the name and complete mailing address including the ZIP Code for the grantee organization.
Item 3 - Enter the employer identification number assigned by the U.S. Internal Revenue Service.
Item 4 - Enter the Federal grant number, or other identifying numbers requested by the grantor agency. If this report covers more than one grant, leave this space blank and provide the information on page 2 of this report.
Item 5 - This space is reserved for an account number or other identifying number which may be assigned by the grantee.
Item 6 - Enter the letter of credit number which applies to this report. If all advances were made by Treasury check, enter "NA" for not applicable and leave Items 7 and 8 blank.
Item 7 - Enter the voucher number of the last letter of credit payment voucher (Form TUS 5401) which was credited to your account.
Item 8 - Enter the total number of letter of credit payment vouchers which were credited to your account during the reporting period.
Item 9 - Enter the total number of Treasury checks received during the reporting period, whether or not deposited.
Item 10 - Enter the month, day, and year of the beginning and ending dates of the period covered by this report.

Item 11 - STATUS OF FEDERAL CASH

Line a - Enter the total amount of Federal cash on hand at the beginning of the reporting period including all of the Federal funds on deposit, imprest funds, and undeposited Treasury checks.
Line b - Enter the total amount of all Federal funds received through payment vouchers (Form TUS 5401) which were credited to your account during the reporting period.
Line c - Enter the total amount of all Federal funds received during the reporting period through Treasury checks, whether or not deposited.
Line d - Enter the sum of Lines b and c.
Line e - Enter the sum of Lines a and d.
Line f - Enter the total Federal cash disbursements or payments made during the reporting period including disbursements of cash received as program income. Disbursements as used here also include any amount of advances and payments less refunds to subgrantees or contractors and the amount to which the grantee is entitled for indirect costs and usage charges for buildings and equipment.
Line g - Enter the Federal share of program income received during the reporting period. Enter only the amount of program income which was required to be used on the project or program by the terms of the grant.
Line h - Enter the net disbursements. This amount is the difference between the amount shown on Line f minus the amount on Line g.
Line i - Enter the amount of all adjustments pertaining to prior periods affecting the ending balance which have not been included in any lines above. Identify each grant for which an adjustment was made, and enter an explanation for each adjustment in the "Remarks" space provided.
Line j - Enter the total amount of Federal cash on hand at the end of the reporting period. This amount should include all funds on deposit, imprest funds, and undeposited funds (Line g less Line h plus or minus Line i).
Line k - Enter the estimated number of days until the cash on hand, shown on Line j, will be expended. If more than three days cash requirements are on hand, provide an explanation in the "Remarks" space as to why the drawdown was made prematurely, or other reasons for the excess cash. The requirement for the explanation does not apply to prescheduled or automatic advances.

Item 12 - OTHER INFORMATION

Line a - Enter the amount of interest earned on advances of Federal funds but not remitted to the grantor agency. If this includes any amount earned and not remitted to the grantor agency for over 60 days, explain in the "Remarks" space. (States and State agencies do not need to complete this line.)
Line b - Enter the amount of advances to subgrantees or other secondary recipients included in Line 11h.

Item 14 - In addition to providing explanations as required above, this space is provided for additional explanation deemed necessary by the grantee and for the information required by the Federal grantor agencies in compliance with the governing legislation.
Item 15 - Complete the certification before submitting this report.
