

## CommonArts

Version 1.0  
November 15, 2007

A component of:

**SIGNAL**

Simulation and Integration of Ground, Network, and Air Links

**Status:**

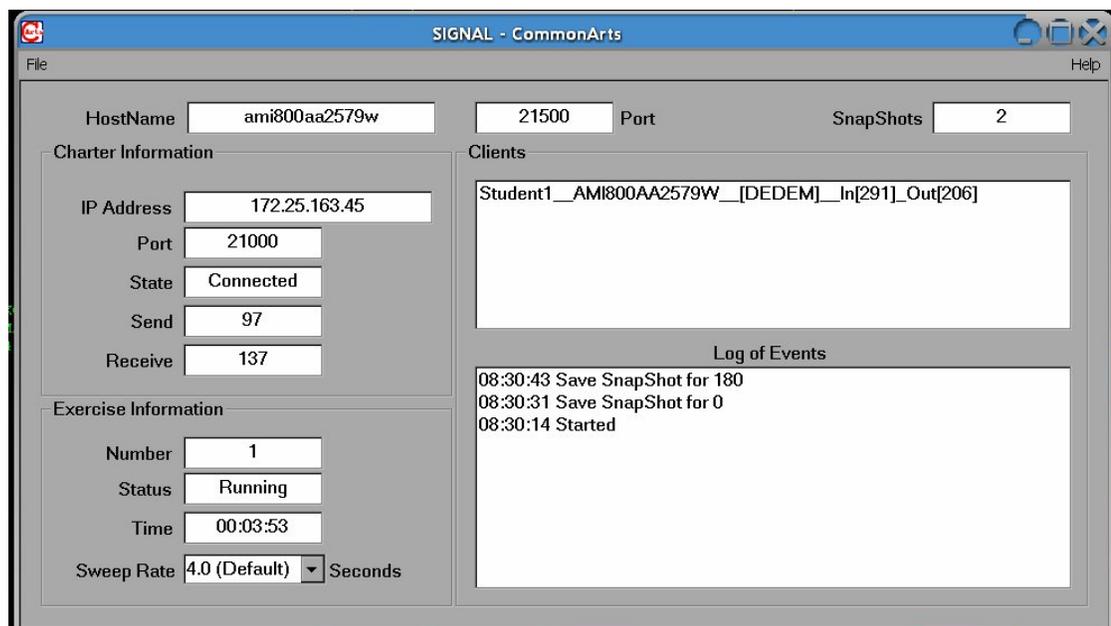

Operational

**Connections:**

CommonArts connects to Charter as a client. It acts as a server to all [DEDEM](#) and [STARSEM](#) in ESL or EASL mode, which try to connect.

**Overview:**

CommonArts Emulates the ARTS computer and handle all controller interface command processing. One of the most interesting functions performed by this software is its Conflict Alert ability. Originally this software emulates ARTS. As the STARS system matures, this software will be enhanced to include STARS functionality.
