

## IOU's from ATPAC 131

**AGENDA ITEMS:** Steve Alogna will request updates regarding Class B Airspace, Wake Turbulence, NAVAID Naming Protocol, and Runway Safety. The committee requested a more thorough update regarding Class B with the status of activity included.

**ATO-R** – One proposed AOC was introduced by ALPA regarding proposed changes to LAS runways and was deferred pending further investigation by ATO-R. ALPA's main concern was the process being utilized to ensure the Safety Management System was fully engaged by the FAA. ATO-R will advise the committee by email of the results of their fact finding.

**ATO-R** - Rich Jehlen suggested ATO-R would coordinate to determine the number of NAVAIDs involved in the Naming Protocol and the status of such activity.

**ATO-T** – AOC 102-2 Instrument Approach Clearances. Kerry Rose will coordinate with the RNAV office.

**ATO-R** – AOC 116-1 Instrument approaches to other than IAF's. Kerry Rose will coordinate with the RNAV office regarding interface with the Pilot/Controller work group.

**ATO-T** - AOC 116-3 ILS GS Critical Area Advisory/Autoland/Coupled Approaches. ATPAC's recommendation for change in the AIM 1-1-9k2 will be presented to ATO-T for their review.

**ATO-T**– AOC 120-2 Low Altitude Alerts. ATPAC recommendation regarding FAAO7110.65, Para 2-1-6, "if applicable" will be forwarded to ATO-T for review.

**ATO-T**– AOC 123-2 Aircraft Vertical Performance. Steve Alogna will check with Brian Meehan and Keith Dutch who will be convening a panel regarding this AOC and update any pending action at #132.

**ATO-T**- AOC 123-4 Speed Assignment Procedures for Arriving Aircraft. ATPAC's recommendation will be forwarded to ATO-T for review.

**ATO-T** – AOC123-6 POFZ. ATPAC's recommendation will be forwarded to ATO-T for review.

**ATO-T** – AOC 123-7 Four Digit Express Carrier Call Signs. ATPAC's recommendation has been forwarded to ATO-T for review.

**ATO-T** - AOC 124-1 Controller Identification of Aircraft Types. ATPAC's recommendation has been forwarded to ATO-T for review.

**ATO-T – AOC 125-2 Gear Down Advisory.** ATPAC’s recommendation has been forwarded to ATO-T for review.

**ATO-R/NASA - AOC 125-4 Confusion on Descent During Non-Precision Approaches.** Kerry Rose will obtain interpretation from ATO-T and Harvey Hartmann will report at 132 on ASRS data related to this AOC.

**ATO-E – AOC 126-2 Procedures for Use of Time to Meet Restrictions.** Richard Kagehiro agreed to provide the committee with a list of working items in his office in order to seek input from ATPAC. **ATO-R** will provide a formal recommendation as outlined in the minutes to ATO-E regarding this AOC for their review.

**ATO-R – AOC 129-1 Cancellation of Takeoff Clearance.** The draft proposal from ATPAC will be put formalized and sent to ATO-T for review and suggested MBI.

**AOPA – AOC131-1 AFSS Pre-Flight Briefing on SUA.** AOPA will gather data regarding this AOC and present it at #132 for further committee consideration.
