Log On

1. To Log onto the AOV Credentialing application open Internet Explorer version 5.5 or higher.
2. Use your browser (Internet v6.0 or higher) and enter the following URL into the address field: http://av-info.avs.faa.gov/aov/
3. To log onto the AOV Credentialing System, enter a valid user’s email address and password.
4. Click the Login button.

The First Log On

The first time a Designated Examiner logs into the AOV Credentialing System a prompt will appear to take the online training. A passing grade in this training is required to use the AOV Credentialing System.
Forgotten Passwords

1. Click the Forgot Password link under the Password field.
2. Enter the registered email address in the field.
3. Click the “Submit” button.
4. The password will appear in an email to the entered email address.

Changing Passwords

Clicking the “Change Password” Main Menu option allows the password to be updated to a new password.

1. Click “Change Password” Main Menu option.
2. Enter the current password in the “Current Password” field.
3. Enter the new password in the “New Password” field.
4. Verify that the password is rated as safe and secure with the password strength analyzer below the password fields.
5. Enter the new password in the “Verify Password” field.
Console

The console provides a quick glance at the DE’s Request Queue workload and associated facilities.

Request Queue

The “Request Queue” is used to view the pending requests for credentials in the facility.
Returned Requests
The “Returned Requests” tab provides the DE with a listing of returned Ratings and Renewals.

Returned Ratings
Credentials returned by the Proficiency Manager are reviewed by completing the following steps.

1. Click on the “Returned Requests” option on the DE Console or the “Request Queue” Main Menu option then “Returned Requests” tab.
2. Click on the “Returned Ratings” tab if it is not already active.
3. To remove the request for the Credential, click the “Delete” button. To submit it back to the Proficiency Manager, click the “Resubmit” button.

Returned Renewals
Credentials Renewals returned by the Proficiency Manager are reviewed by completing the steps below. This process will be repeated for each rating renewal for each employee. Each rating will appear as a separate instance with a Renew/Do Not Renew action required.

1. Click on the “Returned Requests” option on the DE Console or the “Request Queue” Main Menu option then “Returned Requests” tab.
2. Click on the ”Returned Renewals” tab if it is not already active.
3. Click on the ”Renew” or ”Do Not Renew” button to complete the desired action.
"Renew" confirmation for ATCS:
Renew Confirmation for ATSS:

The options for "Select Reason" include:
1. Rating no longer needed
2. Employee no longer employed by the agency
3. Employee transferred to non-credentialed position
4. Rating was issued in error
5. Employee is under Opportunity to Demonstrate Performance (ODP)
6. The Employee has been transferred
7. Other

If Reason selected is "Employee is under Opportunity to Demonstrate Performance (ODP)", enter the month and year for the estimated time of completion.
If the Reason selected is “The Employee has transferred”, enter the location where the employee is transferring.

ATCS:
Pending Renewals

Renewals pending approval by the DE are displayed in the Pending Renewals tab. The Renewal action is completed by following the steps below.

1. Click on the "Pending Renewals" option on the DE Console or the "Request Queue" Main Menu option then "Pending Renewals" tab.
2. Click on the "Pending Renewals" tab if it is not already active.
3. Click on the "Renew" or "Do Not Renew" button to complete the desired action.
If the Reason selected is “Employee is under Opportunity to Demonstrate Performance (ODP)”, enter the month and year for the estimated time of completion.
If the Reason selected is “The Employee has transferred”, enter the location where the employee is transferring.

ATCS:
Submitted Requests
The “Submitted Requests” tab displays the DE’s submitted ratings and renewals.

Submitted Ratings
Credentials submitted for approval to the Proficiency Manager are displayed in the “Submitted Ratings” tab.

1. Click on the “Submitted Requests” option on the DE Console or the “Request Queue” Main Menu option then “Submitted Requests” tab.
2. Click on the “Submitted Ratings” tab if it is not already active. To remove the request for the Credential, click the “Delete” button.
Submitted Renewals

The list of submitted renewals to the PM is displayed on the “Submitted Renewals” tab.

1. Click on the “Submitted Requests” option on the DE Console or the “Request Queue” Main Menu option then “Submitted Requests” tab.
2. Click on the “Submitted Renewals” tab if it is not already active.

Search Holder

To make any changes to a Holder, first select them through the “Search Holder” menu option.

Designated Examiners are only able to view results of Credential Holders and Designated Examiners from their facility. Any results for other facilities are not displayed.
Quick Search

Entering a few characters of the SSN, the Last Name, First Name or the Credential Number will display results with the given characters as any part of their record. First and Last names are searched. For example searching for “KEN” will return results for Ken and Kenneth, but also last names like Walken and Kennedy.

1. Enter the partial name, partial SSN, or partial Credential Number in the Search field.
2. Click the “Go” button next to the Search field.
3. The “Searching” message will appear while the results are being retrieved.
4. Review the results when they appear.
5. Select a record to view the Profile of that Credential Holder or Designated Examiner.

The search field at the bottom of the Main Menu is always available, and functions like the Quick Search field.

Advanced Search

In the advanced Search area there are three fields: Credential Type, Facility, and Status. The Credential Type and Facility fields default to the Credential Type of the Designated Examiner.
using the system. The Status field defaults to Active, but Inactive and Both are also available options. Designated Examiners are only able to view staff in their own facility.

1. Select the Facility, if holding Credentials in multiple facilities.
2. Select the Status desired.
3. Click the "Go" button below the Advanced Search fields.
4. Review the results when they appear.
5. Click the desired result to view the Profile of that Credential Holder or Designated Examiner.

Profile
The Profile screen displays the details of a Credential Holder or Designated Examiner’s personal information, Credential Ratings, and Credential Issuance Activity.

The fields that appear to be faded or “grayed out” are not available for editing. When viewing the Profile of another Designated Examiner the personal information will not be editable.

When the profile of the selected Credential Holder is displayed, additional Menu options appear in orange directly below the Search Holder option. These options allow for the manipulation of the selected Credential Holder’s profile.
Updating Profile Information
Fields displayed in black are available to be updated.

1. With the Credential Holder selected, click on the text field.
2. Enter the updated information.
3. Click the “Save” button

Credential Ratings
The Credentials held by the selected Credential Holder is displayed in a table below the Credential Profile. To add a rating to the selected Credential Holder click the “Add Ratings” Main Menu option.

Issuance Activity
The Issuance Activity tab of the Credential Ratings table displays the history of Credentials held by the selected Credential Holder. Events such as issuing, revoking, expiring, and renewing the credentials are displayed.
Add Ratings

The “Add Ratings” option appears in the Main Menu when a Credential Holder is selected, and is used to assign new credentials to a selected Credential Holder.

Adding Ratings

1. With the Credential Holder selected, click the orange “Add Ratings” Main Menu option.
2. Click the checkbox next to the rating to be added.
3. Click the “Submit” button.
4. Verify the confirmation message appears.
Print Temporary Credential

The “Print Temporary Credential” option in the Main Menu creates the Temporary Credential for the selected Credential Holder.

1. With the Credential Holder selected, click the “Print Temporary Credential” option in the Main Menu.
2. Click the Printer icon in the PDF window when it opens.
New Card
A new Card for the selected Credential Holder is done through the “New Card” Main menu Option.

1. With the Credential Holder selected, click the “New Card” option in the Main Menu.
2. The system will automatically request a new card for the selected Credential Holder with the Ratings and Designations currently held.

Request Credential for Employee
Creating a new Credential Holder is done through the “Request Credential for Employee” Main Menu option.

1. Click the “Request Credential for Employee” Main Menu option.
2. Enter the appropriate information into the field labeled “First Name & Middle Initial”, “Last Name”, “Birth Month”, and “Last 6 digits of SSN” of the new Credential Holder.
3. Select the appropriate ratings for the new Credential Holder.
4. Click the “Submit” button.
5. Click the “Confirm” button to indicate that the new Credential Holder meets the requirements in FAA order 8000.90.
The Credential Holder is created and is displayed in the Request Queue of the facility’s Proficiency Manager.

**Reports**

The Reports option in the Main Menu provides access to the reports previously available in the AOV Credentialing system.
Report Options

Row Highlighter
The Row Highlighter is the function in the report screen that will highlight the row currently under the mouse pointer. Clicking the icon in the title of the report disables the Row Highlighter function.

Export to Excel
Clicking the Export to Excel icon opens the results from the report into Excel. This allows the report to be saved and reviewed later.

Print
The Print icon opens the Print dialog to print the report.

User Summary Report
The User Summary Report is accessed with the following steps:
1. Click “Reports” option on the Main Menu.
2. Select the desired settings in the Designation Facility, Designation, and Details fields.
3. Select the Sort by option, if desired.
4. Select the “Show PM and DE as Multiple Lines per Facility” checkbox, if desired.
5. Click the “Submit” button.

Designation Facility
The Designation Facility field provides a list of all the facilities in which the Designated Examiner holds credentials. This field defaults to “All Facilities” and returns results for every facility in the menu. Selecting a given facility in the field will return results for just that facility.

Sort By
The Sort By option groups the results in the reports by facility.

Designation
The Designation field provides the option to filter the results to display only the results for the selected Designation. This field defaults to “All Types” and returns results for every type of Designation. Selecting a given Designation in the field will return results with only the selected Designation.

Details
The Details field provides the option to format the results displayed. This field defaults to “Ratings + holder Type” and returns results with the Ratings and Designation for each result. The alternate option in this field is “Home Facility” and returns results with just their Home Facility and Home ID.

Show PM and DE as Multiple Lines per Facility
When selected, the “Show PM and DE as Multiple Lines per Facility” check box returns multiple results for each rating held by the Proficiency Manager and Designated Examiners in the results.
By default the field is not selected and returns the Proficiency Manager and Designated Examiners results as one row.

Log Off

Shutting down and logging off the AOV Credentialing system is accomplished with the “Log Off” option next to the welcome message in the upper right corner of the window.

1. Click the “Log Off” option.
2. Verify the AOV Credentialing system’s login screen is displayed.
