

12C12 Adverse Weather Throughput

Description

Improve throughput at core airports during adverse weather by 14 percent by 2018. FY 2018
Target: Finalize metric and Target

Commentary (06/2012)

A cross-Agency working group has been established to further define this metric and target, with representation from APL, ATO, ARP, and ANG. Alternative metrics have been defined and baselined, and a recommended metric was presented to the Performance Subcommittee at the April monthly meeting. Targets are currently being developed.

Period Table

	Actual	Target	Target Lines - Index	Target Lines - Index Range
10/2011	3	3	---	Green
11/2011	3	3	---	Green
12/2011	3	3	---	Green
01/2012	3	3	---	Green
02/2012	3	3	---	Green
03/2012	3	3	---	Green
04/2012	3	3	---	Green
05/2012	3	3	---	Green
06/2012	3	3	---	Green
