

## 09C4 Adjusted Operational Availability (FAA) Default (Last Value)

### Description

Sustain adjusted operational availability of 99.7 percent for the reportable facilities that support the 35 OEP airports through FY 2013. FY 2009 Target: 99.7%

### Commentary (03/2009)

Target: 99.70%  
 FYTD: 99.78%  
 Feb. 09: 99.75%  
 Mar. 09: 99.77%  
 Mar. 08: 99.83%

Preliminary numbers show, for the month of March 2009, we are above the goal for adjusted operational availability. Compared to February 2009, the adjusted operational availability for the 35 OEP Airports (reportable facilities) increased by 0.015%. Compared to March 2008, the adjusted operational availability for the 35 OEP Airports (reportable facilities) decreased by 0.064%, with an approximate increase of 380 hours in unscheduled downtime (mainly due to code 80 Equipment outages).

### Period Table

	Actual (Line)	Target (Line)	Target (Line) - Index	Target (Line) - Index Range
10/2008	99.7	99.7	100.0%	Green
11/2008	99.8	99.7	100.1%	Green
12/2008	99.8	99.7	100.1%	Green
01/2009	99.8	99.7	100.1%	Green
02/2009	99.8	99.7	100.1%	Green
03/2009	99.8	99.7	100.1%	Green
