

## 08E5 Information Security (FAA) Default (Last Value)

### Description

Achieve zero cyber security events that disable or significantly degrade FAA services.

FY 2008 Target: 0

### Commentary (09/2008)

There were 120 million identified probes made on FAA systems during the month of September. All of which were analyzed into incidents and findings, none of which significantly disabled or degraded an FAA service. There were 161 incidents and 8 findings, none of which affected FAA networks. The Flight Plan target of "Zero Cyber Events" has been met.
