NATIONAL AIRSPACE SYSTEM CHANGES

The main references for changes to the National Airspace System (NAS) are the Aeronautical Charts and the Chart Supplements. Most changes to the NAS meeting NOTAM criteria are known sufficiently in advance to be carried in these publications. When this cannot be done, changes are carried as a NOTAM.

NOTAMS IN THE NOTICES TO AIRMEN PUBLICATION

The Notices to Airmen publication is issued every 28 days. Data in this publication that is current on the effective date of the next Chart Supplement will be transferred to the supplements and removed from this publication.

PUBLICATION CRITERIA

Part 95 Revisions

Effective with the January 30, 2020, edition, this Part has been removed from the publication in its entirety. Part 2, International NOTAMs, and Part 3, Domestic Notices, have been renumbered as Part 1 and Part 2, respectively.

PART 1. INTERNATIONAL NOTICES TO AIRMEN

The International Notices to Airmen feature significant international information and data which may affect a pilot's decision to enter or use areas of foreign or international airspace. Each issuance of this Part is complete in itself. Temporary data will be repeated in each issue until the condition ceases to exist. Permanent data will be carried until it is sufficiently published or is available in other permanent sources. New items will be indicated by a black bar running in the left or right margin.

The information in Part 1 is divided into two sections. Section 1, Flight Prohibitions, Potentially Hostile Situations, and Foreign Notices is arranged alphabetically by country. Section 2, International Oceanic Airspace Notices, is divided into two sections: General and Region Specific.

Any notice submitted for inclusion must include the following information at the end of the notice: submitting office and date of the revision (e.g., AJV-P, 10/10/2019). In addition, all electronic mail submissions to 9-ATOR-HQ-PubGrp@faa.gov should specify a time frame in which to expect the removal of the notice from the publication. Submitting offices should notify AJV-P when notices are no longer needed in the publication.

PART 2. DOMESTIC NOTICES

This section contains special notices and notices pertaining to almost every aspect of domestic aviation, such as military training areas, large scale sporting events that may attract media attention or draw large crowds of aircraft, air show information, and airport-specific information.

Data in this section is updated continuously. All submissions for inclusion in this section must have regional office approval and be submitted to AJV-P through the regional office.

Notices for events requiring Special Traffic Management Programs (STMP) should be coordinated following the procedures in FAA Order JO 7210.3, Facility Operation and Administration.

Submissions should be sent to AJV-P well in advance of but **no later than 28 days prior to** the effective date of the Notices to Airmen edition to ensure adequate lead time for inclusion in the publication.

Notices to Airmen (NOTAMS) submitted for inclusion in the NTAP are published **no earlier than two publication cycles (56 day periods) prior to the cycle in which the NOTAM becomes effective**. Special NOTAMS capture special events, like the Super Bowl, and are generally published in the NTAP for two consecutive publication cycles. NOTAMS that are more permanent in nature are posted in the NTAP until transferred to other appropriate Air Traffic Publications.

With the exception of dated special events, any notice submitted for inclusion must include the following information at the end of the notice: submitting office and date of the revision (e.g., AJV-P, 10/10/2019). In addition, all electronic mail submissions should specify a time frame in which to expect the removal of the notice from the publication. Regional offices should notify AJV-P12 when notices are no longer needed in the publication.

Text files should be submitted as Word documents. Any graphics submitted for inclusion must be of high quality and in camera-ready form; *FAX copies will not be accepted*. Electronic mail submissions are required and should be addressed to 9-ATOR-HQ-PubGrp@faa.gov . Graphics should be submitted in one of the following formats: GIF, JPEG, TIFF, BMP, or PDF. Please do not submit graphics with a “.doc” file extension. Each graphic must be submitted as a separate attachment. Domestic notices may be submitted in color or black and white. Avoid using white text in any graphic. Copyrighted materials, such as maps, should not be submitted for publication without written permission of the copyright owner.

REMOVED PARTS

Part 1. FDC NOTAMS

Effective with the February 28, 2019, edition, this part was removed from the publication. This included Section 1, Airway NOTAMS; Section 2, Airport, Facility and Procedural NOTAMS; and Section 3, General NOTAMS. These NOTAMS are still considered on request items when obtaining a briefing from Flight Service Stations (FSS). The most current and up-to-date information on NOTAMS is contained in the FAA’s official NOTAM Search website, which can be found at <https://notams.aim.faa.gov/notamSearch/>. Pilots should obtain preflight IFR route and amendment FDC NOTAM information via the NOTAM Search website, an approved Flight Service web portal, or upon request by calling a Flight Service Station. Part 2, 3, and 4 of the NTAP were renumbered as Part 1, 2, and 3, respectively.

Part 95 Revisions

Part 95 Revisions can be found on the Aeronautical Information Services (AJV-A) website (https://www.faa.gov/air_traffic/flight_info/aeronav/aero_data/Part_95_Consolidation/) and in the Federal Register Notice (<https://www.federalregister.gov>). A Safety Panel held on June 26, 2018 concluded there was no safety risk by the removal of Part 95 Revisions from the publication.

Part 5. Special Temporary Flight Restrictions/Prohibited Areas Around the Washington, DC, Thurmont, MD, and Crawford, TX, Areas

Effective with the November 27, 2003, edition, this part was removed from the publication. For information on flight restrictions, pilots are directed to www.1800wxbrief.com, notams.aim.faa.gov/notamSearch/, or through Flight Service Stations at 1-800-WX-BRIEF.

INTERNET

The entire Notices to Airmen publication is published on the internet at the following address in PDF and HTML format: http://www.faa.gov/air_traffic/publications/notices/.
