

Airport Certification Bulletin
FAA New England Region, Airports Division

E-Mail and Emergency Contact Information

March 31, 2008

Number NE-08-07

This Cert bulletin contains information and guidance about the Airport Certification Safety Program that may be useful to people with various interests in your organization. Please distribute this Cert-Bulletin to those persons.

E-Mail and Emergency Contact Information

In an effort to provide more rapid information to our airports, please provide us a listing of individuals within your organization that should be included on this e-mail list. In order for us to keep our mailing list manageable, we respectfully request that you limit your submission to just a few recipients. If at any time you have revisions to your mailing list, please notify your Airport Certification Safety Inspector.

Additionally, we are requesting your airport provide us with one emergency contact that can be reached after normal business hours. If this number is not an individual, please indicate where a call is being directed (i.e., Airfield Operations Office/ARFF Station, etc).

Please fax this information bulletin back to our office as soon as possible.
