Dear On Demand Operator:

The Federal Aviation Administration has arranged for its annual Airport Activity Survey to be conducted by Titan Secure Solutions. Data collected in this survey will be used to allocate Airport Improvement Program (AIP) funds to eligible airports. Your participation in this survey is critical to small airports that rely in part on these data to qualify for AIP funds.

The enclosed survey form (FAA Form 1800-31) requests data for the 12-month period January 1 through December 31, 2003. The revenue passenger enplanement data that are requested on the enclosed form should only include those enplanements not reported to the Office of Airline Information on Form 298C, Schedule T-1. See the back of the enclosed survey for a detailed explanation of how it should be completed. A sample of a completed form is on the back of this letter.

Submission of these data is voluntary. Your cooperation in completing this survey and returning it by March 30, 2004 is important to the airports you serve.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert W. Yatzeck".
