

Federal Aviation Administration

2008 Safety Partnership Award

August 11, 2008

TO: All Towered Airports

FROM: Regional Runway Safety Program Manager
Southern Region

It's that time of year again! It's a good time to reflect on safety initiatives that you have accomplished during the year and recognize those managers/airports who have been instrumental in supporting the Southern Region Runway Safety Program. We want to recognize those that have helped us achieve our goal of reducing runway incursions and surface incidents. This can be accomplished by nominating them for the "FAA Southern Region, 2008 Safety Partnership Award."

Think about who and/or what made the difference as a result of your innovative and creative initiatives developed and implemented at your perspective facility that heightened safety awareness. Nominate those individuals/airports who have worked diligently and devoted time, energy, creativity, and resources in making the positive difference by acting on and spreading the runway safety message to reduce incidents.

We need the following information:

- The individual's name, title, company, and address.
- A clear description of what the person did and how he or she supported the Runway Safety Program. Please limit the narrative to two pages, excluding the cover sheet.
- The date(s) and location(s) of when and where the person you're recommending performed the runway safety actions or tasks. It must be within the past year.
- Include the recommending official's name, company, address, phone number and/or email address.

NOTE: We must receive your submissions no later than November 30, 2008. If you have questions, contact us at (404) 305-5593 or via email at 9-ASO-Runway-Safety@faa.gov.

Please send your nominations to:

Federal Aviation Administration
Southern Region Runway Safety Program Office, AJS-4SO
Attn: Anna B. Cohen, Manager
1701 Columbia Avenue
College Park, GA 30337

Thanks for partnering with us!

A handwritten signature in cursive script that reads "Anna B. Cohen".
