Dear Industry Representative:

We are requesting your review of Advisory Circular (AC) 150/5345-3H, *Panels for the Control of Airport Lighting*. This AC provides specifications for airport circuit selector switches.

This AC reviews the mandatory inclusion of the emergency generator switch and light on a L-821 Lighting Control Panel.

We request concurrence with the enclosure. We will consider comments received by September 26, 2018 for inclusion in the final Advisory Circular.

Submit comments on the provided COMMENTS MATRIX, which references the paragraph and line number in question with your recommended change. Please EMAIL (Do not mail) the completed MATRIX to Robert Bassey at robert.bassey@faa.gov.

This Draft AC is available and can be viewed at the FAA Airports website:
