1 INTRODUCTION

The Aerospace Medical Certification Subsystem (AMCS) is an integrated and standard system designed to vastly improve and simplify the processing of applicant medical clearance/certification information. One of the primary goals of the AMCS is to allow all AMEs to enter the Form 8500-8 application information directly into the system via the Internet. AMEs will be assigned an AMCS username and password by the FAA. AMEs will access the AMCS Internet application by connecting to the AMCS Login Page at https://amcs.faa.gov.

This document discusses the system requirements for accessing the AMCS Internet application and provides the instructions necessary to walk the user through the data entry and submission process.

2 AME SYSTEM REQUIREMENTS

The AME is responsible for establishing and maintaining the Internet access for their office. This includes signing up with an Internet Service Provider (ISP). While the FAA cannot endorse any particular ISP, it is recommended that the AME sign-up with one that will be able to provide Internet access at the required speeds with as few service interruptions or connection difficulties as possible.

If an applicant requires an ECG in order to be medically certified, AMEs will be required to attach a copy of the applicant’s ECG in pdf format to the exam in AMCS. AMCS will deny submission and subsequent transmission of the exam if the ECG is required and is not attached.
3 ACCESS AMCS APPLICATION

AMEs may access the AMCS application by going directly to the AMCS Login Page or by going to the FAA website http://www.faa.gov and selecting the following hyperlinks.

From the FAA’s home page, click on the Licenses & Certificates tab at the top of the page. From the Licenses & Certificates page, click on the Medical Certification link located on the left side of the screen. From the Medical Certification page, click on the Aerospace Medical Certification Subsystem (AMCS) Online Support link located below the Aviation Medical Examiners subject title. This will take you to the AMCS Online Support page.

The Aerospace Medical Certification Subsystem (AMCS) Online Support page provides important notices about policy changes and update information concerning use of the application or enhancements made to the application. The online support page also provides an AMCS Login hyperlink and hyperlinks relating to general information, support and updates.

Clicking on the AMCS Login hyperlink will take you to the AMCS Login Page.

3.1 Pop-Up Blockers and Cookies

Pop-Up Blockers must be disabled and Cookies must be enabled in order for the AMCS Internet application to function properly.

3.2 Internet Connection Issues

In the event that you lose Internet connectivity prior to transmitting, the information that was previously saved will be stored in the database. Any data that had not been saved must be re-entered. For example, if you entered data on page 1 of the Form 8500-8 Data Entry Screens and saved, then began entering data on page 2 when the Internet connection was terminated, all of the information on page 1 will remain in the database. Therefore, upon logging back into the system, you should search for the airman again and select the pending application for that airman. All of the saved data will be present and you should proceed to the page of the Form 8500-8 Data Entry Screens that you were on when the Internet connection was lost and continue the data entry process.

NOTE

This web site is best viewed using a screen resolution of 1024 x 768. If your monitor or video display adapter cannot handle this resolution, you will still be able to view all of the pages. You will have to utilize the vertical scroll bar on the right-hand side of the window in order to view the information that is on the bottom of the screens.

3.3 Technical Support

For technical support questions please contact the AMCS Help Desk at (405) 954-3238.
4  Log in to AMCS

For users who want to access AMCS, perform the following steps at the AMCS Login Screen:

1. Navigate to AMCS Login
2. The AMCS Login screen will display
3. Type in your User Name and Password
4. Click the Login button
5. You will be taken to either the Message Page or to the Pending Exams Screen or to the Import Application Screen if there are no pending exams

![AMCS Login Screen](image)

For users that want to access MedXpress but inadvertently landed on the the AMCS Login screen, an informational message and link to the FAA MedXpress Login Screen are displayed. If the user wants to login to MedXpress application, “Are you looking for MedXpress?” link is provided to redirect the user to MedXpress Login Screen.
4.1 Session Timeout

AMCS times out after 20 minutes of inactivity. If a user allows AMCS to sit idle for 20 minutes or more, the session will time out and the user will be directed back to the Message Page.

On the screens of AMCS where there is significant data entry required, the user will receive a Session Timeout Warning message after 15 minutes of inactivity. If the user does not click on the Continue button on the session timeout warning message within five minutes of receiving the message, the session will time out. Once the session times out, any update or refresh action will send the user back to the AMCS/CLA Login screen.

4.2 Change Password

AMCS passwords will expire every 90 days. If your password has expired you will be taken directly to the Change Password screen after your login attempt. To change your password click on the Change Password button on the Login screen.

The Login window will expand to include New Password and Confirm New Password text boxes.

Enter a new password of your choice. Passwords must be at least eight characters in length and must use three of the four following different character types:

- Uppercase alphabetic characters (A-Z)
Password characters may not be repeated more than two times:

- Valid: PPassword1
- Not Valid: PPPassword1

The system will maintain the last five passwords and not allow you to use any password that you have used in the past five changes.

**IMPORTANT**

*Login accounts will be locked out for twenty minutes after three failed attempts to login to AMCS.*

### 4.3 Notice of Account Suspension

An AME whose status is inactive will no longer be able to log on to AMCS. An inactive AME, or a member of that AME’s staff attempting to log on to AMCS, will be presented with a “Notice of Account Suspension” screen and should contact their FAA Regional Office representative for the appropriate instructions on how to proceed.

![Figure 4 – Notice of Account Suspension](image-url)
4.4 Account Not Validated Access Denied

Each AME is required to validate the AMCS accounts for their staff every 90 days. If your AME has not validated staff within the last 90 days or has not authorized access to AMCS for your account, the link to AMCS will appear disabled with a yellow triangle beside it. Hover over the triangle to see the message explaining that access to AMCS is being denied until your account is validated. You will need to contact your AME and ask for account validation.

![Figure 5 - Account Not Validated - Access Denied](image)

4.5 Message Page

Upon login to the AMCS, users will be presented with the Message Page if the user has more than one application available to them or if there are new messages. If there are no new messages and the user only has access to the AMCS application, the user will be presented with the Pending Exams Screen, or the Import Application screen if there are no pending exams, upon login.

If there are new messages they will display in the Messages box. All messages that are currently active can be viewed by clicking on the All tab in the Messages section. Click on the Aerospace Medical Certification Subsystem link and you will be taken to AMCS.
LINKS

Change Password - Takes you to the Change Password screen.

Logout - Logs you out and takes you back to the AMCS Login screen.

Application(s) Link – A link to each application you have access to will be provided in the Applications section.

New - Displays all unconfirmed messages.

All - Displays all messages that are currently active.

View - Displays the selected message.

If a message requires confirmation, a message will display at the top of the screen, the application links will be disabled and a check mark will display under the “Required” header in the messages section of the screen. Users will not be allowed access to any application until they confirm they have read the message.
Clicking on the View button will display the message along with a check box and Confirm button. A Print button has also been provided so that the message may be printed. If a message requires confirmation, check the box and click on the Confirm button. Once confirmation is made you will be returned to the Message Page. The warning message will be gone and the application links will be enabled.
5 PENDING EXAMS SCREEN

The Pending Exams Screen displays the exams performed by the AME’s office that are in pending status. Exams can be sorted by Last Name, First Name, Middle Name, SSN, or Exam Date by clicking on the appropriate column header.

Figure 9 – Pending Exams Screen

5.1 Functions

5.1.1 Search Applicants Tab
Select this tab to go to the Search Applicants Screen where you can choose whether to add an exam for a new applicant or search for an existing applicant in order to add an exam to the applicant’s record or to review the applicant’s previous exams.

5.1.2 Import Application Tab
Select this tab to go to the Import Application Screen, where you can search for exam application information entered by an applicant via the FAA’s MedXPress system.

5.1.3 Open Link
Clicking on the Open link will take you to the first page of the 8500-8 Data Entry Screens for the corresponding exam.

5.1.4 Attach ECG Icon (New ECGs Only)
Clicking on this icon will launch an ECG Import window, where the applicant’s current ECG can be uploaded (attached to the current exam) and eventually transmitted to the FAA with the exam.

You may only attach one ECG to the exam. If you attach the wrong ECG, you may upload a new one. Only the last ECG attached will be saved and transmitted with the exam.

You will receive a warning at the top of the window if an ECG has already been attached.
To attach an ECG from the ECG Import window, click on the **Choose File** button and search your computer’s folders for the appropriate ECG PDF document. Select the document and click on the **Open** button. The uploaded file must be less than 3 MB or a message is displayed indicating the file exceeds the size limit.

The document selected will display in the document field. Enter the date the ECG was performed in the Document Date field. Add any necessary comments, and click on the **OK** button.
You will receive a message that the ECG has been successfully uploaded.
5.1.5 Exam HX Icon

Clicking on the Exam HX Icon for an exam will display a Pre-Exam Report for the exam. This icon will only display for exams submitted via the FAA’s MedXPress system.

![Pre-Exam Report](Figure 14 – Pre-Exam Report)
5.1.6 Delete Icon

- Click on the **Delete** icon for an exam to launch the Delete Pending Screen, where a *Delete Reason* must be selected in order to delete the related exam information from the AMCS.

**IMPORTANT**

This icon is not enabled for exams imported from MedXPress or if the certificate is printed.

![Delete Exam for Applicant](image)

**Figure 15 – ECG File Upload Success Message**

5.1.7 Print Icon

- Click on **Print** icon to display the exam in PDF format for viewing and printing.

5.1.8 Help tab

Click on the Help tab, available from any screen, to view information about a specific screen’s functionality.

5.1.9 AMCS Home

Click the **AMCS Home** link to go to the Message Page.

5.1.10 Log Out Link

Click the **Log Out** link to exit AMCS and return to the AMCS Login Screen.
6 SEARCH APPLICANTS SCREEN

From this screen you can search for applicants in the FAA database in order to add an FAA ATC exam, search previous exams, or print interim certificates. If the applicant is a first time applicant, you can create a new applicant record.

The Search Applicants Screen allows you to perform a search by entering an Applicant ID, SSN, PI Number, Last Name and Date of Birth. You may only search by one method at a time. If the field fails basic validation, a message is displayed next to the field indicating the issue.

6.1 Performing a Search

Performing a search will determine if the applicant currently exists in the system and will display the applicant’s exam information. You must perform a Last Name and Date of Birth search before a new applicant can be created.

6.1.1 No Matching Records – Create an Applicant

If your search does not return any records for any existing applicants, you should verify the search criteria were entered properly. If the information was entered incorrectly, re-enter the search criteria. If, upon reviewing the information, you determine it was entered correctly, you should click on the Create Applicant button to add an exam for a new applicant.
The Certificate/Form Number Entry Screen will display where the certificate number must be entered before you will be allowed to continue to the first page of the 8500-8 Data Entry screens so that the exam information may be entered. Click the **Add Exam** button to add the exam or **Cancel** to return to the Search Applicants Screen.

![Figure 18 – Certificate Form No. Entry Screen](image)

6.1.2 **Found Applicants – Add Exam**

To add an exam, click the Select link for an applicant found as the result of a search and click on the **Add Exam** button. You will proceed to the Certificate/Form Number Entry Screen where you must enter the certificate number.

![Figure 19 – Applicant Found (Add Exam)](image)

Click the **Add Exam** button when done to continue to Page 1 of the 8500-8 Data Entry screens so that the exam information may be entered.

![Figure 20 – Certificate Form No. Entry Screen](image)
6.1.3 Found Exams

If an applicant is returned after a search, click on the Select link for the applicant to view any associated exams. If exams are found, they will be displayed.

The Actions buttons will vary based on the exam and the user logged in. Potential action buttons include: Print, Attach ECG, and Print Interim Certificate.

The Print will produce a PDF of a transmitted exam summary. The icon is only available for an exam if that particular exam was performed by the AME logged in or by someone in that AMEs' office.

The Attach ECG link should be used to attach a repeat ECG if requested by the FAA. The attach ECG link is only available to users associated with the AME who performed the exam.

If the exam is in Pending status (it was started but not completed), the Open link is available. Clicking on the Open link displays the Form 8500-8 Data Entry Screens for the exam with all information previously entered and saved displayed in the appropriate fields.

NOTE

The Open link for a pending record is only available to the users associated with the AME who performed the exam.

If the exam is not in Pending status, the exam was completed and a summary of the Form 8500-8 is accessible by clicking on the Interim Cert icon.

6.2 Functions

6.2.1 Pending Exams Tab

Select this tab to go to the Pending Exams Screen which displays exams performed by the AME's office that have not yet been submitted to the FAA.

6.2.2 Import Application Tab

6.2.13 Attach ECG Icon (Repeat ECGs Only)
Clicking on this button will launch an ECG import window, where a repeat ECG for an applicant can be uploaded/attached to the applicant’s latest transmitted exam and ultimately to the applicant’s folder in the FAA system.

**IMPORTANT**
Attach ECG link is only available if the latest transmitted exam was performed by the AME logged in or by someone in that AMEs’ office.

You may only attach one ECG to the exam. If you attach the wrong ECG, you may upload a new one. Only the last ECG attached will be saved and transmitted with the exam.

To attach a repeat ECG click on the **Choose File** button and search your computer’s folders for the appropriate ECG PDF document. Select the document and click on the **Open** button. The uploaded file must be less than 3 MB or a message is displayed indicating the file exceeds the size limit.
The document selected will display in the document field. Enter the date the ECG was performed in the Document Date field, add any necessary comments, and click on the OK button.

![Figure 26 – ECG Date and Comments](image)

You will receive a message that the ECG has been successfully uploaded:

7 IMPORT APPLICATION SCREEN

This screen allows an AME to search for an application entered by an applicant via the FAA’s MedXPress system.

- The applicant will provide the confirmation number to enter into the Confirmation Number field.
- The application matching the confirmation number will display below the Search button.
- If there are applicants in the FAA system that are potential matches they will be listed along with the new applicant option.
- If there are no current applicants found that match the confirmation number you will receive a message stating so.

If an application from FAA MedXPress is found that matches the confirmation number, it is shown in the section titled ‘Application from FAA MedXPress.’

AMCS will search the FAA system for the correct applicant record. Potential matches will be displayed at the bottom of the screen. If the correct applicant record is found, click the
Import button to import MedXPress application into AMCS. This associates the new application with the appropriate person in the FAA system.

If the applicant listed is not the correct one, please contact AMCS Support at (405) 954-3238.

If the MedXPress application is for a new applicant, click the **Import as New Applicant** button.

**IMPORTANT**

Only employee designated AMEs will have access to FAA ATC exams entered via MedXPress. Unauthorized AMEs will receive a message indicating that they are not authorized to conduct the exam.

7.1.1 Import an Exam

Enter the confirmation number provided by the applicant and click on the **Search** button.

Select the appropriate match and click on the **Import** button, or click the **Import as New Applicant**.

A Successful Import Application Screen is displayed if the application is successfully imported from FAA MedXPress.

Four buttons are displayed indicating actions that can be performed.
Clicking on the **Display Summary Report** button will create a PDF version of the imported application for viewing or printing.

Clicking on the **Open Data Entry Screen** button will take you to first page of the Form 8500-8 Data Entry Screens for the associated applicant so the remainder of the applicant’s exam information can be entered.

Clicking on the **FAA Examination History** button will create a pre-exam report for the applicant.

Clicking on the **Import Another Application** button will return you to the Import Application Search screen so that you may import another application.

8  FORM 8500-8 DATA ENTRY SCREENS

The Form 8500-8 Data Entry screens are presented on five separate pages. Each field displays a blue “?” , red “X” or a green “Ok” beside it. The “?” indicates that the information has not yet been validated. The “Ok” indicates that the information has been validated and that information entered is acceptable. The “X” indicates that a required field was left blank or that an error was found with the information entered into a field during validation. Holding your mouse over the “X” will display text describing what is required or what the validation on that field consists of. Clicking on the “Ok” or the “X” will take you to the text in the Guide for Aviation Medical Examiners that explains the type of information that belongs in that particular field.

12 Comments Screen

The Comments Screen was designed to provide a central location in which to enter explanations and comments pertaining to an applicant’s medical history, comments related to any abnormal physical findings and comments for other out of range or abnormal results.

12.1 Comments on Physical Findings

AME comments that must be entered for physical findings, items 25 thru 48, where the Abnormal radio button was selected shall be entered into the top section of the Comments screen.
Figure 55 – Comments on Physical Findings
12.2 Modifications to Page 1 of Imported Exams
This section is for comments when an AME makes modifications to information on Page 1 of an application imported via the FAA MedXPress. An AME must enter a comment for each modification and check the “Check here to certify” check box before the exam can be submitted.

![Figure 56 – Imported Exam Changes Explanation]

Changes made by the system to information on Page 1 are also displayed here with “System Change” automatically entered into the comments. If a change made by the system is the only change made to Page 1 information, the “Check here to certify” checkbox is automatically checked.

12.3 Applicant Explanations
Applicant explanations that must be entered for medical history items where the Yes radio button was selected shall be entered into the bottom section of the Comments screen where applicable.
12.4 Comments on History and Findings
AME comments that must be entered for the Yes answers in Items 17a, 17b (pilots only), 18 a - y; and for out of range or abnormal results for items 49, 50, 51.a., 51.b., 52 thru 57, and 59, shall be entered in the bottom section of the Comments screen.

![Figure 57 – Comments on History and Findings](image-url)
13 Form 8500-8 Data Entry Screen Page 3

Page 3 of the Form 8500-8 Data Entry Screens was designed to present itself as *Certificate Issued* or *No Certificate Issued*, as applicable, and is where the AME will submit the exam to the FAA.

![Figure 58 – Form 8500-8 Screen, Page 3](image-url)
13.1 No Certificate Issued

If one of the following selections was made in Field 62 on Page 2 of the Form 8500-8 Data Entry Screens, a screen indicating that no certificate will be issued by the AME will display.

- FAA ATCS Clearance Deferred to FAA
- FAA ATCS Clearance Issued on FAA Form 3900-7
- FAA ATCS Clearance Deferred on FAA Form 3900-7
- FAA ATCS Clearance and Airman Medical Certificate Deferred
- No Certificate Issued – Deferred for Further Evaluation
- Has Been Denied – Letter of Denial Issued (Copy Attached)

![Figure 59 - No Certificate Issued](image-url)
13.2 Certificate Issued

If one of the following selections was made in Field 62 on Page 2 of the Form 8500-8 Data Entry Screens, the Medical Certificate screen will display allowing you to update the certificate information, if necessary.

- FAA ATCS Clearance and Airman Medical Certificate Issued
- Medical Certificate
- Medical and Student Pilot Certificate

![Figure 60 - Certificate Issued Screen](image-url)
Medical Certificate Class

Select the appropriate class granted from the drop down list provided.

Limitations

Select the limitation(s) that apply.

Certificate/Form Number

This field will automatically populate with a GX-****** computer generated number if the application was imported via the FAA’s MedXPress system and the digits will be read-only. (If you are performing an FAA ATC/pilot combination exam, the GG-****** number from the paper 8500-8 form should be entered.)

13.2.1.1 Certificate Data Mismatch Verification

This screen launches if information printed on the certificate issued pre-submission has changed or if you have selected deferred or denied in block 62 and you are now trying to submit the exam. AMCS will not allow you submit the exam without a comment in the box provided, or a correction of the changed data. If possible, please return to the exam and print a corrected certificate or correct the data that has changed before submitting.
13.2.1.2 Certificate Issued With Certificate Eligibility Warning

Each exam is validated against the applicant’s medical history in the DIWS. If the applicant has had a previous exam denial or a prior exam submitted within the past 90 days a Certificate Eligibility Warning will appear at the bottom of Page 3’s Certificate Issued screen. If the AME decides to ignore the warning and submit, a screen will launch requiring an explanation for the submission. If you see a Certificate Eligibility Warning, please contact the FAA for instructions. You will be unable to print a certificate.

![Certificate Issued With Certificate Eligibility Warning](image)
**Explanation for Submission**

If the decision has been made to ignore the warnings and issue a certificate, the Explanation for Submission screen will launch requiring the AME to enter an explanation for the issuance before AMCS will allow submission of the exam.

![Figure 63 – Explanation for Submission](image)

### 13.2.1.3 Exam Submission Confirmation

Once all of the necessary data has been entered, click on the **Submit Exam** button on the bottom of Page 3 of the Form 8500-8 Data Entry Screens.

If the data does NOT pass the final validation stage, error messages will display at the top of the page. Clicking on the error will take you to the appropriate page of the Form 8500-8 Data Entry Screens so you can correct the error.

If all of the data passes the final validation stage, a Confirmation screen will appear displaying a message indicating that the exam was submitted successfully along with the Exam Date, Applicant ID number, MID number, applicant’s DOB and SSN as well as the applicant’s name and address.
The MID number uniquely identifies this examination within the FAA database. The Applicant ID uniquely identifies the individual. These numbers should be included on all correspondence associated with this application as it will allow the FAA to quickly locate an airman’s record.

Clicking the button presents a summary of the completed Form 8500-8.

Clicking the button launches the Medical Certificate Preview page where the medical certificate can be reviewed and then printed. This button will not be available if you have already printed the maximum number of times, you deferred or denied certification, or you have entered an FAA ATC exam.
**Medical Certificate Preview**
Clicking on the **Preview Certificate** button on the bottom of the Confirmation screen will launch this screen. If the certificate is accurate, click on the **Print Certificate** button and make the necessary print selections. Once the certificate has printed, select where in AMCS you would like to return to using the links on the left side of the page.
