Ground-based pyrotechnics shall not be placed on and/or detonated in any safety area(s) defined by 14 CFR part 139, §139.309, and described in the airport certification manual if any certificated air carrier or commercial operator will be conducting revenue operations on the adjacent airport movement area(s) during the time period beginning when ground-based pyrotechnics are installed and ending when the ground-based pyrotechnics have been expended and/or safely removed and secured.
