Tech Ops Safety Background

Group formed in 1998 to address divisional safety issues:

- Personnel and workplace safety
- Safety culture of Tech Ops
- Human performance
- Procedural compliance
- Environmental concerns
Tech Ops Safety Strategies

✦ Safety culture development
✦ Post-event process alignment
✦ Focus on human factors caused events
✦ Maintenance event analysis (MESA)
✦ Critical failure/hazard assessment
✦ Employee injury analysis
✦ Environmental council
✦ Safety council
Tech Ops Safety-Challenges

- Investigative discipline
- Measurement of the right things
- Low-hanging fruit already gone
- Rate of organizational change
- Process stability
