

DEPARTMENT OF TRANSPORTATION
FEDERAL AVIATION ADMINISTRATION
QUAD CITY AIR TRAFFIC CONTROL TOWER
6421 74TH AVE.
MILAN, IL 61264

ISSUED: July 11, 2011

EFFECTIVE: July 1, 2011

QUAD CITY ATCT LETTER TO AIRMEN NO. 11-02

SUBJECT: Non-Standard Hold Line on Taxiway Kilo for Runway 31

CANCELLATION: May 31, 2013

The Quad City Airport Traffic Control Tower has a visual blind spot on Taxiway Kilo adjacent to the approach end of Runway 31. A non-standard placement (see attachment) of the runway hold-short line exists to mitigate the risk associated with this blind spot.

Airmen are reminded to be alert and stop at the proper location on Taxiway Kilo.

David J. Dohlman
Air Traffic Manager

**-Attention Pilots-
Non-standard hold position for Rwy 31 on Txy 'K'**
