ORDER

In an earlier order, I found that oral argument would contribute substantially to the development of the issues in this appeal, with the exact date, time, and other particulars to be determined by subsequent order. In the Matter of Wendt, FAA Order No. 92-16 (March 10, 1992).

Oral argument is set, under 14 C.F.R. § 13.233(h), for April 21, 1992, at the Federal Aviation Administration, 800 Independence Avenue, SW, Washington, DC 20591. Counsel should report to the McCracken Room on the 10th floor by 11 a.m. No more than twenty (20) minutes per side is allotted for oral argument.

Argument will be limited to the following issues:

- (1) Whether the law judge erred in finding that Respondent had adequate warnings and visual cues to alert him to an intersecting runway; and
- (2) Whether the law judge erred in rejecting Respondent's claim that the alleged controller involvement in the incident should lead to a finding of no violation by Respondent.

Counsel for each party must be present for oral argument unless excused for good cause shown. Postponement of oral argument will be granted only in extraordinary circumstances. Any request for postponement must be made by written motion with proof of service on the opposing party and must be filed with the Federal Aviation Administration, 800 Independence Avenue, SW, Room 924A, Washington, DC 20591, Attention: Appellate Docket Clerk. Except in the event of an emergency, a motion for postponement of oral argument will not be entertained unless made at least 2 weeks before the scheduled date for oral argument.

Oral arguments may be electronically recorded for the exclusive use of the Administrator. Any other sound recording of the proceedings is forbidden. Upon leave of the Administrator, counsel or parties may, at their own expense, arrange for a qualified court reporter to be present and to report and transcribe oral arguments. In that event, a copy of the transcript shall be filed by the ordering party with the Appellate Docket.
