Dear Mr. Warren,

My name is Kelvin and I am a lawyer in King and Wood PRC Lawyers. I totally support the views and opinions expressed in the attached AWG letter.

As far as I know, no citizen requirements to obtain the aircraft registration in China. The reason CAAC do not establish such ownership requirement is that it realizes that it is for the benefits of the whole aviation industry of China and to keep Chinese airline competitive in current global economy.

Best regards

Kelvin Zha AWG_Letter_and_NCT_Response_paper.pdf
