Subject: New Emergency Notification System (ENS) for MMAC Personnel Opt-In Link

MMAC Personnel may now Opt-In to receive email notifications and/or text messages to any SMS enabled phone regarding various events and emergencies that occur at the Aeronautical Center. MMAC personnel are encouraged to follow the link below and sign up to receive a multitude of important announcements and notifications specific to the Mike Monroney Aeronautical Center. Once the link is accessed, the subscriber can choose between Email and SMS/Text Message under the Subscriber Type pull down tab. Just enter a valid email address and/or SMS phone number and hit Submit. You will be asked to confirm your email address or phone number. You will then have the ability to check the subscription topics for which you wish to subscribe under the Mike Monroney Aeronautical Center group.

There are currently four topics that can be selected:

- 1) Emergencies/Notifications**
- 2) Severe Weather**
- 3) Center Status**
- 4) FAA Academy**

You may subscribe to all or any of the topics listed above. More subscription topics may be added in the future. If so, you will be notified to Opt-In to additional categories, if interested. You can Opt-Out of any subscription topic at any time by clicking on the below link and changing your subscriber preferences. If you wish to Opt-In to both email and SMS, you will need to complete the process twice, after selecting the appropriate Subscriber Type (Email or SMS).

To begin receiving notifications, click on the following link:
