

Federal Aviation Administration
Mike Monroney Aeronautical Center

**ENVIRONMENTAL,
OCCUPATIONAL SAFETY AND HEALTH
POLICY**

The FAA Mike Monroney Aeronautical Center is fully committed to excellence and leadership in protecting the environment and the safety and health of our employees and neighbors.

It is our policy to ensure that employees, contractors, students, and visitors are provided with workplaces that are free from recognized hazards that may cause death, illness, or injury. Additionally, we will accomplish our mission in a manner that will minimize environmental consequences. All organizations at the Aeronautical Center are responsible to ensure that environmental, occupational safety and health considerations are integrated into their daily activities and operations. In keeping with this commitment we will implement, maintain, and continually improve our environmental, safety and health performance by utilizing a comprehensive Environmental, Occupational Safety and Health Management System which:

- (1) Ensures compliance with applicable environmental, occupational safety and health requirements
- (2) Establishes environmental, occupational safety and health metrics
- (3) Prevents injury and illness
- (4) Minimizes pollution and waste; conserves natural resources; and improves energy efficiency
- (5) Identifies hazards, assesses risks, and implements controls

Aeronautical Center personnel demonstrate their commitment to this policy by providing products and services in a manner that demonstrates our good stewardship of the environment and in a manner that ensures a safe and healthy work environment for employees, contractors, students, and visitors.
