But big items to consider...

ISS extension *and* ISS follow-on

Partnership approach

Small sat activity/Venture class launch

China

Space technology

Aeronautics

ISS extension *and* ISS follow-on...

Several possible futures considering...

...desired role of future dollars?

...certainty vs. picking winners?

... for example?

Partnership approach...

Continuation of...

...flexibility in methods and funding?

...internal partnership processes?

... for example?
