
Commercial Space Transportation License

License Number: LLO 01-058 (Rev 1)

ORBITAL SCIENCES CORPORATION

is authorized, subject to the provisions of 51 USC Subtitle V, Ch. 509, and the orders, rules, and regulations issued under it, to conduct launches.

General. Orbital Sciences Corporation is authorized to conduct: (i) flights of Pegasus launch vehicles from Wallops Flight Facility (WFF), Wallops Island, Virginia, as specified in license orders issued by the Office; and (ii) pre-flight ground operations at WFF associated with the conduct of flights that require a Federal Aviation Administration license.

This license is granted subject to the terms, conditions, and limitations set forth in licensing orders A, B, C, and D, and any subsequent orders issued by the Office of Commercial Space Transportation.

The licensee shall at all times conduct its operations in accordance with the regulations prescribed by the Office of Commercial Space Transportation for the activities authorized by this license.

AUTHORIZED BY LICENSE NO. LLO 01-058
ISSUED TO

ORBITAL SCIENCES CORPORATION

1. Authority: This Order is issued to Orbital Sciences Corporation (OSC) under 51 U.S.C. Subtitle V, Chapter 509, and 14 C.F.R. Ch. III.
2. Purpose: This Order modifies License No. LLO 01-058 originally issued on March 16, 2001, by the Office of Commercial Space Transportation (Office), authorizing OSC to conduct launches; and prescribes as conditions to License No. LLO 01-058 certain requirements applicable to those launches.
3. Definitions: For purposes of License No. LLO 01-058 and any orders issued by the Office pertaining to activities covered by License No. LLO 01-058:
 - (a) "Launch" shall mean (i) flight and (ii) pre-flight ground operations, as defined in this section.
 - (b) "Flight" shall mean the flight of Pegasus launch vehicles and classes of payloads to orbital destinations, on Pegasus flight azimuths, as specified in License Order No. LLO 01-058B issued concurrently by the Office, commencing upon take-off of the L-1011 carrier aircraft from WFF for aircraft flight to the designated release area for purposes of releasing a Pegasus launch vehicle. For the Pegasus launch vehicle, a nominal flight is concluded upon safing of Pegasus launch vehicle stages or components that reach earth orbit following separation of the payload. For the L-1011 carrier aircraft, a nominal flight is concluded upon the

License Order No. LLO 01-058A (Rev 1)

release of the Pegasus launch vehicle. In the event of an aborted attempt to release the Pegasus launch vehicle following the take-off of the L-1011, a flight attempt is completed when the L-1011 aircraft lands at WFF or an emergency divert facility with the Pegasus still attached.

(c) "Pre-flight ground operations" shall mean OSC's operations at WFF associated with the conduct of any flights requiring an FAA license, beginning with the arrival of the launch vehicle at WFF.

(d) For purposes of License No. LLO 01-058, "take-off" of the L-1011 carrier aircraft is deemed to commence upon roll forward of the carrier aircraft immediately following removal of the Pegasus safe and arm pins.

4. License Term: The term of License No. LLO 01-058 authorizing OSC to conduct launches is five (5) years from the effective date of the renewal of the license (March 18, 2011).
