Safety Approval**

Safety Approval Number: SA-14-006

**Black Sky
Training, Inc.**

is issued a safety approval, subject to the provisions of 51 USC Subtitle V, chapter 509, and the orders, rules, and regulations issued under it.

This safety approval is issued to Black Sky Training for its ability to provide a service that includes Spaceflight 101, Crew Resource Management, High Altitude Physiology, Disorientation and G Force Management, Vehicle Energy Management, and Rocket Powered Transition training for crew and space flight participants.

This safety approval is granted subject to the terms, conditions, and limitations set forth in safety approval order A, and any subsequent orders issued by the Office of Commercial Space Transportation.

The holder of this safety approval must at all times comply with the regulations prescribed by the Office of Commercial Space Transportation relating to this safety approval.

OFFICE OF
COMMERCIAL SPACE TRANSPORTATION
SAFETY APPROVAL ORDER REGARDING

Space Flight Training Service

SAFETY APPROVAL NO. SA 14-006
ISSUED TO

BLACK SKY TRAINING, Inc.

-
1. Authority: This Order is issued to Black Sky Training, Inc. (BST) under 51 U.S.C. Subtitle V, chapter 509.
 2. Purpose: This Order modifies Safety Approval No. SA 14-006 issued concurrently by the Federal Aviation Administration's (FAA) Office of Commercial Space Transportation (AST). This Order prescribes as conditions to the Safety Approval certain requirements applicable to the approved safety element.
 3. Scope: The safety element is a service that provides Spaceflight 101, Crew Resource Management, High Altitude Physiology, Disorientation and G Force Management, Vehicle Energy Management, and Rocket Powered Transition training for crew and space flight participants. It includes classroom and simulator training and flight training in type certificated (non-experimental) aircraft for crew and space flight participants.
 4. Crew and Space Flight Participant Training: BST may offer its space flight training as a service to a prospective launch or reentry operator to meet the applicable requirements of 14 CFR § 460.5 (a), (b) and 14 CFR § 460.51.
 5. Safety Approval Term: Safety Approval No. SA-14-006 expires in 5 years from January 22, 2019.
