

**Commercial Space Transportation
Advisory Committee Public
Teleconference**

Space Transportation Operations Working Group
Wednesday, July 21, 2010
1:30 – 2:30 pm

**Federal Aviation
Administration**

Teleconference Agenda

1. Examine the top issues and articulate what they mean and how STOWG wants to address them.
2. Look at five questions from last October on the cost impact of second stages complying voluntarily with orbital debris management. STOWG wants to complete this action.
3. Review the NEXTGEN Integration CONOPS Report.
