

Flight Plan Filers' (FPF) Telcon Minutes 2nd September 2015

Attendees-

- FAA Headquarters: Sean Bodkin, Dan Eaves, Mark Knupp
- FAA Technical Center:
- FAA Headquarters Contractor:
- Other Participants: AISR, Facilities, Airlines, Military, Filing Services, Lockheed Martin, Non-US ATC Organizations.

Discussion-

- Sean Bodkin moderated the telcon
- Flight Plan Filers website link:
<http://www.faa.gov/ato?k=fpl>
- Should you have filing questions, you can email us at 9-AJE-FlightPlanQuestions@faa.gov.

FAA Northern California Metroplex (Jeff.Hubert@faa.gov, Patty.Daniel@faa.gov)

- Summary PowerPoint covering the routes implemented through August 20th provided
- Team plans to participate in the September/October telcons to discuss further implementation, but are available for questions at any time
- Team is not sending out feedback unless there are filing issues, so, no news is good news
- There have been a few issues with some of the flights coming in from Europe
- Briefing previously distributed, contact Sean.Bodkin@faa.gov to request another copy

FAA Charlotte OAPM (Chuck.Phillips@faa.gov)

- Summary PowerPoint covering the routes implementation schedule and proposed changes to be implemented October 15th
 - Will follow with distribution of formal routing changes at or around September 15th 2015
 - ZME will be sending out some new routes pertaining to this change around September 15th also
 - The changes will show both the old and new routes
- Contact Sean.Bodkin@faa.gov to request another copy of briefing

FAA Filing International FIR Boundary Guidance (Sean.Bodkin@faa.gov)

- Recently have noticed an increase in improper filing with the appropriate FIRs as described in the AIP and FAA Interface Reference Guide; please review the guidance below and verify your filing correctly:

Flight Planning
Interface Reference

AIP Flight
Planning.doc

Kevin-ARINC

- Would like to know how aircrews will be handling the entry format for half degree waypoints for Reduced Lateral Minimum Separation
- We will be sending out some guidance in the near future
