

FAA ATCS SSRI Follow-Up Path for the HIMS AME

(Updated 12/28/2022)

HIMS AME must see the FAA ATCS in person every 6 months and review ALL the documents required on the [HIMS AME Checklist – SSRI Recertification/ Follow Up Clearance](#)

Note: See important update in **black box** above. Neuropsychologist report and routine CogScreen-AE administration are no longer necessary for **RENEWAL** of an SSRI special issuance, except when clinically indicated or specified on the Authorization/Special Consideration Letter. This policy change does NOT affect **initial** evaluations and the current AME checklists and neuropsychological protocol should still be used. (Policy change 12/15/2022)
