

## CACI – Renal Cancer Worksheet (Updated 11/29/2017)

The Examiner must review a current status report by the treating physician and any supporting documents to determine the applicant's eligibility for certification. If the applicant **meets ALL the acceptable certification criteria** listed below, the Examiner can issue. Applicants for first- or second-class must provide this information annually; applicants for third-class must provide the information with each required exam.

AME MUST REVIEW	ACCEPTABLE CERTIFICATION CRITERIA
Treating physician finds the condition stable on current regimen and no changes recommended.	<input type="checkbox"/> Yes
Any current or historic evidence of: <ul style="list-style-type: none"> <li>• Chemotherapy;</li> <li>• Disease recurrence;</li> <li>• Extra capsular extension;</li> <li>• Metastatic disease;</li> <li>• Stage 4 disease; or</li> <li>• Paraneoplastic syndrome;</li> </ul>	<input type="checkbox"/> No
If surgery was performed - the airman is off pain medication(s), has made a full recovery, and has been released by the surgeon.	<input type="checkbox"/> Yes
Symptoms	<input type="checkbox"/> None
Treatment completed and back to full, unrestricted activities ( <a href="#">ECOG performance status</a> or equivalent is 0).	
Current treatment:  Notes: If it has been 5 or more years since the airman has had any treatment for this condition, with no history of metastatic disease and no reoccurrence, CACI is not required. Note this in Block 60. ( <a href="#">See disposition table.</a> )	<input type="checkbox"/> None

**AME MUST NOTE in Block 60 one of the following:**

- CACI qualified Renal Cancer.
- Not CACI qualified Renal Cancer. Issued per valid SI/AASI. (Submit supporting documents.)
- NOT CACI qualified Renal Cancer. I have deferred. (Submit supporting documents.)
