

PARC Telecon Summary

April 9, 2009

1. RNP Procedure Process

Alexander

The final draft paper will be out early next week for internal review by the group. Pedro Rivas requested to be included on the mailing list.

2. RNP Concepts and Benefits AT

Porter/Clausen

The final drafts of the cover letter and both reports have been uploaded to the KSN site. There will be one week given for comments. The updated ToRs are still being worked. Team Chairs should take care to not duplicate any efforts currently being doing by RTCA Task Force 5. It was suggested that a representative from AOPA be brought in to the effort, to ensure a diversity of backgrounds and representation. Dave Jones will provide Cirrus contacts to Suzanne Porter.

3. RNP SAAAR Transition to ILS

Cramer

Information provided in the briefing Mike Cramer gave to the CNS Task Force:
<http://tinyurl.com/RNPSAAAR>

4. RNP SAAAR Update Action Team

Cramer

Information provided in the briefing Mike Cramer gave to the CNS Task Force:
<http://tinyurl.com/RNPSAAAR>

5. Autopilot Use/Rulemaking AT

Demosthenes

During the April 8th telecon the teams' next steps were discussed and the draft ToRs were reviewed. The next telecon is planned for April 24th, by which time an outline of the position paper and a review of materials is planned to be done. Recommendations are planned to be completed in time to present them at the Oct. F2F. Two weeks were given to comment on the draft ToRs, which are available for review on the KSN site.

New Business

The updated draft April PARC F2F Agenda is available on the F2F workspace. PARC Members were reminded to review and provide comments.

Regarding RTCA Task Force 5 activities, the Present Equipage/WhoWhatWhere subgroup has put together a package of identified operational capabilities and issues to be passed on to the Elements subgroup. The work has turned out to be identifying problems of policy and procedure mostly, rather than with aircraft.

Files posted for review from Task Force 5 files will be collected and posted for PARC information. Steve Albers took an Action to put together a package of all PARC recommendations and provide them to the TF5 Tutorial/Knowledge group.

Future PARC Meetings
