

PARC Telecon Summary

January 14, 2010

1. RNP Procedure Process

Alexander

Comments received on the letter, and most were incorporated. It remains to be determined what role the RAPT teams will play. Who is on the RAPT teams might need to be addressed. They have core required members, but they can bring in anyone they need. Industry participation is desired (by the PARC), and the FAA has already discussed the importance of industry involvement. The final Recommendation Letter will include something about a more formalized industry representation on RAPT teams. This will be added to the February F2F Agenda for discussion.

2. RNP Charting WG

Rivas

Pedro Rivas was unable to participate in the telecon and will be contacted offline for an update.

3. RNP SAAAR Transition to ILS

Cramer

A draft summary paper has been completed and is being reviewed by the AT. There will be a telecon to discuss the paper next Tuesday. They are hoping for a Recommendation ready for PARC review by the F2F.

4. PARC Priorities Work Development AT

Shahidi

The Team has had two telecons since Nov. planning meeting and have a meeting planned for the day prior to the F2F on the 10th. They will brief the PARC at the F2F.

5. Autopilot Use/Rulemaking AT

Demosthenes

Jerry Davis will be taking the lead on this activity. Steve Albers will contact Jerry and Ted about a completion date for the activity.

6. RNP Concepts and Benefits AT

Porter

Suzanne Porter is currently in the process of coordinating the revised ToRs with Perry Clausen to change the scope of the Teams work. They plan to produce two products in 2010. Revised ToRs will be distributed to the PARC for review. The next meeting will be January 20th to go over the Seattle and Atlanta concepts. An FAA co-lead for the Team is still needed. Joe McCarthy has identified a co-lead, and that name will be given to Suzanne shortly.

7. F2F

Albers

The draft Agenda has been sent out for review. PARC Members were asked to submit changes and additions to the Agenda as soon as possible. Perry Clausen has extended an invitation to the F2F attendees to spend some time in the Southwest simulator flying RNP approaches. It was requested that all who would like to do so please let Perry know so that he could make the proper arrangements. A reminder was given that the cutoff date for the hotel room block set up by Rick Buerger was Monday, January 18th. Directions, security info, and telecon and online meeting info will be sent out to the PARC when it is available.

Future PARC Meetings

Proposed Future F2F Dates - Feb. 11-12, 2010, Dallas – Southwest Airlines HQ. June 10-11, 2010, and Oct. 14-15, 2010. Oct 2010 NBAA Annual Conference is Oct. 19-21 in Atlanta. It has been suggested that the PARC hold its Oct. F2F in conjunction with the NBAA Annual Convention once again, and an invitation to do so has been extended to the PARC by Bob Lamond.

Communications WG F2F – April 12th-13th – Phoenix, AZ
