HEALTH & WELFARE: \$3.24 per hour or \$129.60 per week or \$561.60 per month

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 10 years, and 4 after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. HOLIDAYS: A minimum of ten paid holidays per year, New Year's Day, Martin Luther King Jr's Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4174)

THE OCCUPATIONS WHICH HAVE PARENTHESES AFTER THEM RECEIVE THE FOLLOWING BENEFITS (as numbered):

- 1) Does not apply to employees employed in a bona fide executive, administrative, or professional capacity as defined and delineated in 29 CFR 541. (See CFR 4.156)
- 2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am.

If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

**HAZARDOUS PAY DIFFERENTIAL:** An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**\*\* UNIFORM ALLOWANCE \*\***

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition, April 2006, unless otherwise indicated. Copies of the Directory are available on the Internet. A links to the Directory may be found on the WHD home page at <http://www.dol.gov/esa/whd/> or through the Wage Determinations On-Line (WDOL) Web site at <http://wdol.gov/>.

## REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE {Standard Form 1444 (SF 1444)}

## Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See Section 4.6 (C) (vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed (occupation) and computes a proposed rate).
- 2) After contract award, the contractor prepares a written report listing in order (proposed classification title), a Federal grade equivalency (FGE) for each (proposed classification), job description), and rationale for proposed wage rate), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b) (2) of Regulations 29 CFR Part 4).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour decision to the contractor.
- 6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

SECTION B (continued)

B.3 PRORATED MAXIMUM FEE (Fixed)

(a) The maximum fee, as set forth in B.2, available to the contractor will be adjusted to a prorated fee amount for each 6-month period (e.g., August 8, 2007 – February 7, 2008, February 8, 2008 – August 7, 2008, and so forth). This adjustment will be determined based upon the average number of contract employees on the payroll on the last day of each month during each six-month period. The average will be rounded to the nearest whole number utilizing conventional rounding rules.

(b) The prorated maximum fee will become the amount of fee for subject period.

(c) An example of how the maximum fee amount will be determined is as follows:

**EXAMPLE**

**Assumptions:**

- (1) Six month performance period.
- (2) CLIN 0001A(1) performance at Level A providing for a maximum staffing level of 275.
- (3) Maximum Fee at \$1,096,133.42 (Reference SECTION B - B.1(a) and B.2) based on a breakout as follows:

	(A)	(B)	(C)	(D)	
	ESTIMATED	O/H	NTE	G&A	FEE
	COST	RATE OF	RATE OF	RATE OF	TOTAL
					ESTIMATED PRICE

0001A(2) \$19,555,113 + \*33.41% + \*5.04% + \*4.0% \$ 28,499,469

\* (B) \$6,533,363.25; (C) \$1,314,859.20; (D) \$1,096,133.42

Number of employees on the payroll as of Month 1 = 250

Number of employees on the payroll as of Month 2 = 255

Number of employees on the payroll as of Month 3 = 260

Number of employees on the payroll as of Month 4 = 265

Number of employees on the payroll as of Month 5 = 270

Number of employees on the payroll as of Month 6 = 275

1575 = 263 average

Adjustment from Maximum Fee to Prorated Maximum Fee for the first six-month period based on the above assumptions:

$263/275 \times (1/2 \text{ of } \$1,096,133.42) = .956 \times \$547,567 = \$523,470.05$  Prorated Six-Month Maximum Fixed Fee

B.4 DETERMINATION OF AWARD FEE is deleted in its entirety.

SECTION B (continued)

B.5 PERFORMANCE EVALUATION PLAN is deleted in its entirety.

B.6 DISTRIBUTION OF AWARD FEE is deleted in its entirety.

B.7 BILLING AND PAYMENT OF FIXED FEE

(a) The contractor will be allowed to bill on a biweekly basis for the fixed fee. The provisional billing rate for the fixed fee amount payable shall be as follows:

Staffing Level A: 91% of the maximum fee divided by 26 (vouchers per year)

Staffing Level B: 92% of the maximum fee divided by 26

Staffing Level C: 93% of the maximum fee divided by 26

Staffing Level D: 94% of the maximum fee divided by 26

Example: Base Year, Staffing Level A: Maximum Fixed Fee of \$1,096,133.42 x 91% = \$997,481.41  
divided by 26 = \$38,364.67 biweekly provisional billing

At the conclusion of each six-month period, the prorated fixed fee amount will be determined as described in B.3. The difference between the fee already billed and the prorated fee will be billed or credited on subsequent voucher(s). Payment shall be made without the need for a contract modification.

A contract modification will not be required, but the delivery order(s) shall be amended in writing accordingly.

(c) A delivery order change or amendment made pursuant to this clause shall not affect the delivery schedule(s) of any other delivery order(s) issued under this contract.

(d) This clause shall not limit the Government's rights under the Default clause.

**F.7 CONTRACT PERIOD (JAN 1997)**
