

## 1213 Global Average Annual Fuel Efficiency

### Description

States representing 85 percent of international activity are taking actions to contribute to ICAO's 2 percent global annual fuel efficiency improvement goal by 2018.

### Commentary (06/2012)

Completed the following outreach: Arranged pull-aside meetings with EU participants on the ETS and Beyond Panel at the Singapore Aviation Leadership Summit. Held EU-ETS meeting with Korea via telecon and met with JCAB regarding EU ETS in Tokyo. Conducted presentation on the U.S. efforts to address aviation-related environmental issues at the LACAC Group of Experts meeting in the Dominican Republic. AEU-1 discussed importance of Action plans with 8 DGs at recent ECAC/FAA meeting in Paris. APL-1 met with Chinese aviation officials in Beijing in May to encourage CAAC to submit an action plan to ICAO.
