

13C7 Taxi Time Reduction

Description

Achieve a 5 percent reduction in average taxi-time at Core airports, identified by the Future Airport Capacity Task 3 (FACT 3) for surface traffic management. FY13 Target: Complete FACT 3; establish baseline for top set of capacity constrained airports by 2030, understand what available metrics are, change measure, fully establish baseline and modeling

Commentary (09/2013)

This measure as been completed. Additional information is provided in the commentaries for subsequent targets.
