

15C1B2 Target #1 UAS Rulemaking: Rulemaking Management Council approval of Application for Rulemaking (APP) for the next phase of UAS integration to include expanded operations. Due September 30, 2015.

Special Designations: OSI, FAA Strategic Initiatives

Commentary (March 2015)

The responsible offices continue to discuss options for consideration for the next phase of rulemaking. Options include permitting operations for unmanned aircraft greater than 55 lbs and permitting operations within visual line of sight (VLOS) over urban areas.

Commentary (February 2015)

The offices responsible for the next phase of rulemaking continue to plan for the rulemaking application due by the end of FY15. Options for the next rulemaking include permitting operations for unmanned aircraft greater than 55 lbs. and permitting operations within visual line of sight over urban areas.
