

16E2B1 Target #3 Conduct a competency assessment survey of Computer Engineers and Computer Scientists, documenting the variance between current and desired skills. Due August 31, 2016.

Special Designations: OSI, FAA Strategic Initiatives

Commentary (July 2016)

This target is on track. Based on feedback provided at the June focus groups, survey questions were modified and draft Survey Monkey tools have been created. Union notification has been completed and once union coordination is complete, individual contributor surveys will be launched. Supervisors survey will be conducted ahead of individual contributor survey because they do not require union coordination.

Commentary (June 2016)

This target is on track. Based on feedback provided at the June focus groups, survey questions are being modified. Supervisors survey will be conducted ahead of individual contributor survey because of the need for union coordination. Once union coordination is complete, individual contributor surveys will launch by the August 31 deadline.

Status Table (Qualitative Metric)

Period	Actual
