

08C6 Noise Exposure (FAA) Default (Last Value)

Description

Reduce the number of people exposed to significant noise by 4 percent each year through FY 2012, as measured by a three-year moving average, from the three-year average for calendar years 2000-2002.

FY 2008 Target: -4%

Commentary (06/2008)

PARTNER Noise R&D efforts continue to make progress with investigations into important areas of sleep disturbance modeling, annoyance, and comparative analyses of other modes relative to aviation noise sources. Progress continues to be steady.
