

14E.1HH1 Target #4 Reduce Workplace Injuries: Achieve a total workplace injury case rate of no more than 1.88 per 100 employees for the FAA. Due September 30, 2014.

Special Designations: OSI

Commentary (September 2014)

September 2014 - COMPLETED 9/2014. The data come from the Department of Labor, Federal Occupational Safety and Health website under "Federal Agency Injury and Illness Statistics by Year". The FY14 Third Quarter data (the most recent data available) show a projected End of Year Total Case Rate of 1.47. This indicates the near certainty that the FY-14 rate will be less than 1.88. Final data should be posted to the department of labor website in mid-to-late November. (Updated 10/7/2014)

Commentary (August 2014)

August 2014 - The data comes from the Department of Labor, Federal Occupational Safety and Health website under "Federal Agency Injury and Illness Statistics by Year". The FY14 Third Quarter data (the most recent data available) show a projected End of Year Total Case Rate of 1.47. This indicates the strong likelihood that the FY-14 rate will be less than 1.88. (Updated 9/4/2014)
