Project Name: AAF, FL, Update NA at Night-Remove RW14 20:1 Pens, add RW36

Project Reason: RWY 14 20:1 Penetrations no longer exist. Update RWY 14 Night Restrictions on RNAV (GPS) RWY 14 AMDT 2C and RNAV (GPS) RWY 6 AMDT 1C. RWY 14 Night Restrictions were already updated on RNAV (GPS) RWY 24 AMDT 1E and RNAV (GPS) RWY 32 AMDT 2F. RWY18-26 is Unlit. RWY 18 has 20:1 penetrations which drives the Circling NA at Night Restriction. RWY 36 does not have 20:1 penetrations but from an external Inquiry, QC recommended adding Circling NA to RWY 36 to all IAPs to prevent confusion between a note restricting RWY 18 at night but not RWY 36 at night. Updated Arrivals NA at TERES note due to addition of T336 to the fix.
