

22111

VOR-A
CHIPPEWA VALLEY RGNL (EAU)

MISSED APPROACH: Climb to 2900 then left turn direct EAU VORTAC and hold.

The diagram illustrates a VORTAC station and its associated navigation aids. At the top, a legend box contains three symbols: an upward arrow labeled '2900', a curved arrow, and a hexagon labeled 'EAU'. Below this, a vertical line represents the station's location, with a label 'EAU 1.3' in a box. A horizontal line extends from the station, with a label '2300' and a distance of '1.3 NM' indicated. A curved arrow points from the station towards the '2300' line. To the right, a line labeled '004°' points towards the station, with the instruction 'Remain within 10 NM' above it. A line labeled '184°' points away from the station, with the label '2900' at its end.
