Diagram illustrating a vessel's path and radar coverage. The vessel is moving from the bottom left towards the top right. A radar beam is shown as a shaded area originating from a point labeled "PUFFE" and "RADAR". The beam covers a distance of 2000 meters. The vessel's path is marked with a dashed line. Key points on the path are labeled: "ADW 6.2" (at the radar), "ADW 2.1" (at a distance of 4.7 NM from the radar), and "ADW 1.5" (at a distance of 0.5 NM from the radar). A "VORTAC" station is located at the bottom right. A table in the top right corner shows "2500" and "PREZZ" in the first row, and "ADW R-191" and "ADW 13" in the second row.
