The diagram shows a perspective view of the runway axis. A thick black line represents the runway axis, extending from the top left towards the bottom right. A thinner grey line runs parallel to it, slightly offset to the left. The distance between these two lines is labeled "80' X 150". At the top left end of the black line is a small circle containing the number "9". Further along the black line, there is a star symbol, a square symbol labeled "TWR", and another star symbol. Near the bottom right end of the black line, there is a circle containing the number "9" and a circle containing the letter "A4". Below the black line, near the bottom right, is a circle containing the number "33". At the very bottom right, there is a circle containing the number "329°".
