

Comment Form for Step Two Workshops for Phoenix Sky Harbor International Airport

The Federal Aviation Administration (FAA), in partnership and collaboration with the City of Phoenix, is presenting and discussing comments received during Step One of the agreement the FAA entered into with the City of Phoenix and certain historic neighborhood associations following the decision in *City of Phoenix, Arizona v. Huerta*, 869 F.3d 963 (D.C. Circuit 2017). The FAA is also providing performance information for the routes implemented in Step One. These workshops and presentations are part of Step Two of the settlement agreement. The FAA is soliciting comments to help in the potential development of new conceptual route designs for Phoenix Sky Harbor International Airport (PHX) and accepting any additional public comments and recommendations for any subsequent actions to be taken by the FAA.

To comment on the performance of the May 2018 changes to departures at Phoenix Sky Harbor International Airport or any other comments to be considered for Step Two, please complete the form below. You may also submit comments via the FAA Phoenix Community Involvement website at https://www.faa.gov/nextgen/nextgen_near_you/community_involvement/phx/ or via U.S. Mail at:
