Station Descriptions

Interpreters and American with Disabilities Station

This station will provide Spanish interpreters and assist individuals with disabilities

Air Traffic Control and Procedures Station

This station will provide information on the new proposed procedures, with display boards showing the new Standard Instrument Departures (SID's). Air Traffic Control specialists from Phoenix Approach Control will be available to answer questions.

Environmental Computer Station

This station will have computers that you can enter your address into and it will show you the projected noise impact of the proposed procedures at your residence.

Environmental Station

This station will have Federal Aviation Administration (FAA) and Phoenix Airport Environmental specialists to discuss Environmental issues pertaining to proposed changes.

Phoenix Airport Station

This station will have representatives from the Phoenix airport to answer questions related to airport.

FAA and City of Phoenix Legal Station

This station will have Federal Aviation Administration (FAA) and City of Phoenix to answer any questions pertaining to the settlement agreement or any other legal questions

Feedback and Comment Station

This station will have comment sheets to allow you to submit comments at the workshop.
